travel counsellors

My name is David Dunn, I've been a CCC player and manager for the last 20 years. I am part of the multi award winning independent Travel Counsellors, who are renowned for providing an incredible level of attentive personal service.

Your own personal travel expert

I can tailor a trip to suit you, whether a week-end break, luxury holiday, sporting tours, cruise or safari. I am happy to quote for anything from family holidays to group tours or round the world adventures.

Your money is completely safe

Nobody protects your money like Travel Counsellors – in fact our unique financial protection is the very best in travel. Everything that you book with your Travel Counsellor is completely protected, so all you'll need to worry about is what you're going to pack!

We're independent

We're not tied to any specific airlines or attractions providers so you can be absolutely confident that the holiday your Travel Counsellor recommends has been built to suit your exact needs and budget and selected from a huge bank of over seventy thousand global travel suppliers.

Peace of mind

I will be on hand to deal with any questions or problems and have the back up of a 24 hours duty office.

Editorial

In 2020 a miniscule creature, invisible to the naked eye and previously unknown, succeeded where Hitler and all his legions and bombers failed: it halted the production of the Club Cricket Conference Yearbook. Since you obviously have access to the internet you can see that for the first and, I sincerely hope, only time the book is published electronically.

What can one say? Only ten months ago, as the dust settled on the 2019 Lunch, I began to plan the 2020 Yearbook full of hope and enthusiasm for the future and now here we are; the summer is almost over, half the league season was been wiped out, all the major cup competitions were furloughed and we've all been locked down for the past six months.

A special feature article in this publication hails all the way from Oz. An old friend of the CCC, Mike Langford of Northern District CC in Sydney, has written a piece about the amazing generosity and support of the State Government for the redevelopment of the club. When people wonder why Australia, with a third of our population, consistently (too consistently, some might argue) best us, they should think on this. Remember, they are only one of many clubs throughout the country.

As I originally wrote these words, the pony express brought the welcome news that club cricket was able to restart from July 11th. You can keep abreast of developments by subscribing to the Club Cricket Conference Newsletter. If you are not already in receipt of this, or if you know of others who would be interested, please drop Donna Black an email on donna.black@club-cricket.co.uk.

The office has been closed these many months and Stan, Gulfraz and Donna have been struggling manfully from home to keep the show on the road – our grateful thanks to all of them.

Early last year I happened to be at Lord's and ran into Tom Harrison, the ECB's CEO; unfortunately for him, I saw him before he saw me! He asked how life was with the CCC and I bleated out my usual tales of woe about the cost of producing the Yearbook whereupon Tom offered to pay for the 2019 edition! My grateful thanks to him for his generosity.

Anyway, in the meantime back to the TV set to watch the umpteenth re-run of the Wizard of Oz!

Charlie Puckett

Editor

Club Cricket Conference President 2020

Roger Dakin

First let me say what an honour it is to be invited to be and elected as President of the Club Cricket Conference. It is a wonderful organisation that has been a force within Club Cricket for over 100 years.

As I write this we are in lockdown and so no cricket is on the immediate horizon. We all want to get back watching and playing our great sport as soon as possible but the wellbeing of the people of this country is at the foremost of our minds and especially the fantastic selfless work that is being done by the NHS and carers across the UK: we at the CCC salute you all.

Over the last 20 or so years that I have been involved with the CCC there have been huge changes at all levels of cricket. This is particularly applicable to club cricket: I have been a member of my club at East Grinstead for 61 years, having served on the committee in many capacities for over 35 years. Now I am Vice-President – which means you get a letter twice a year asking for money!

I am also delighted to be President of the Seevant Over 60/70 cricket in England and also a Vice President of Brentham Cricket Club in Ealing.

I have seen at first hand the many things that have changed: Sunday and mid-week friendlies have virtually disappeared as have the pre-season and post-season; we used to play until the end of September, often in lovely sunny weather.

The drink driving laws put an end to the after match bar sessions – with a jug for getting a fifty or five wickets: I didn't have to buy too many of those – getting out on 48 and receiving the cry of 'jug avoidance'!

Then the advent of the leagues now means that many players have to leave home at 9.00am and not get back until 12 hours later. Not all the youngsters these days want to spend their Saturdays doing that: we need to address that, especially in the teams below 1st XI level, to ensure we do not lose them from our game.

One of the biggest and best additions to club cricket is the huge amount of interest in women's and youth cricket. Most clubs now have women in their well-coached junior sections and the numbers in those sections are increasing all the time. The CCC have been right at the front of this with the formation of the CCC Women's matches and the Annual Spin Awards for youngsters going to India for specialist coaching.

The 'Red Tape' that is handed to clubs has made life very difficult for the club administrators, particularly at junior level. I for one hope that some of the most stringent rules can be relaxed to ease the life of some of these amazing and dedicated volunteers.

The CCC are working very closely with the ECB and with the CCC's Gulfranz Riaz to recognise the enormous contribution that is made by the many ethnic and evening leagues and players that are all over the CCC area. These players were virtually unnoticed by the cricket "establishment" until our innovative work. Mentioning the ECB – the Conference have been working very closely with them to improve the many aspects of the recreational game on and off the field.

The forming of the CCC Charity, basically driven by Robbie Book, has been a great new initiative, particularly with the supply of many defibrillators which will be saving lives at very many clubs.

The office, manned by Stan Nicholson, Donna Black and Gulfranz Riaz, do a terrific, largely unsung, role in managing the administration of fixtures, matches and finances as well as communicating with members and the many hundreds of clubs involved. They also help give advice and settle the occasional cricket dispute!

My main involvement has been with the CCC lunch which is held every year on the last Monday in November. I have been honoured to MC this lunch for about 20 years – during which time we have moved from the Café Royal to the Porter Tun Room, The National Hotel (we do try hard not to mention that one!) and have now been resident for some years at the Home of Cricket – Lord's.

It is a brilliant lunch, not only providing the very highest level of entertainment but also is the major fundraising event of the year for the CCC.

There have been many memorable moments – particularly in our Centenary Year when our Patron, His Royal Highness the Duke of Edinburgh, graced us with his attendance. The speakers that day were Sir Tim Rice and Geoff Miller – the doyen of cricket speakers – and what a lunch it was with some 640 attending – we had a proper red-coated Toastmaster, Brian Greenan, and I was not allowed on the microphone until HRH had left the building. I have no idea why!!

We have had other royalty – last year Mike Tindall; we had Dom Such, a monk and former headmaster, and many other brilliant entertainers and sports people. The lunch is now firmly established one of the finest cricket social events of the year: if you have never been, I urge you to come along: you will have a great time for sure – it is real 'value for money'. The lunch is a huge undertaking and I have been lucky to serve on the lunch committee for many years with a dedicated group of people. Stuart Whitehead and Charlie Puckett are the main driving forces along with, until last year, (when he went off to organise the Ealing Cricket Club 150th anniversary celebrations) John Poore, David Collier and recently David Perrin.

These guys are really doing a wonderful job.

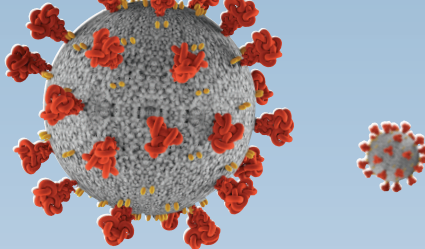

So that's about it As I say, it is very exciting to be President for 2020: it could be memorable for the small amount of cricket played!!!

Please support the matches for men and women and the social events: they are all on the website.

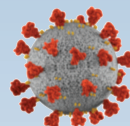

I am a great believer in moving all sport forward – I am not one of those who say "it was better in our day" – it was different in our day. I love cricket now as much as I did when I played it; that is all cricket: country, county and club – championship, T20, 50 over, The Hundred. It is all there for our entertainment. Some will enjoy different types; I enjoy it all!

Some of you will have noticed I have managed to get through this entire piece without mentioning hockey goalkeeping and 16 goals!

The following is a guidance note for clubs preparing to restart. If you like it, the Editor made the decision to include it; if you don't, it was sent to me by Howard Smith of the Kent Cricket League.

Instructions for Kent 60+ players on resumption of cricket.

1. Players will arrive alone in their cars at 10.00am for a 1.00pm start.
2. They will come fully changed
3. If they wish to bring a wife or partner then that wife or partner must travel in the other family car. Motor bikes and sidecars will be accepted but must be completely sanitised.
4. Cars will be parked 6 feet from one another. Motor bikes will have their separate bays.
5. On disembarking from their motor the player will assemble in front of the Clubhouse forming a circle with their team mates but adhering to social distancing.
6. The opposition will do the same.
7. Scorers will distance themselves from these groups.
8. The Umpires, both wearing sanitised gloves, will call for both Captains to step forward.
9. On this instruction both Captains wearing sanitised gloves will step forward and proceed to the middle for a toss. I'm advised a toss when using sanitised rubber gloves is quite sensual.
10. On arriving at the wicket observing social distancing the foursome will see two white lines, one either side of the wicket which signify that the batsman will run outside of those lines.
11. The Home Umpire will take from his pocket a sanitized two pound coin and invite the visiting Captain to call.
12. If the visiting Captain wins the toss and decides to bat both Captains will wish each other all the best. The Home Umpire will return the sanitized two pound coin to his pocket and ask the visiting Umpire which end he would like. I've always been a bit worried about that request.
13. The dressing rooms are out of bounds except for inserting one's protective equipment and donning one's pads but only one player may do so at a time.
14. Men's toilets are open on a one in one out arrangement. If the instructions in the toilet request you stay 6 feet away it does not mean you stand 6 feet from the urinal and try to reach from an impossible distance.

15. Ladies toilets will remain closed so I suggest you bring a wide necked bottle.
16. The Home side will take the field and all will wear sanitized gloves except the wicket-keeper who will wear traditional wicket-keeping gloves duly sanitized.
17. The Home Umpire will remove from his pocket a sanitised orange Reader ball and toss it to the bowler.
18. The bowler will remove one glove from his bowling hand and proceed to his mark.
19. The Umpire will not carry the bowler's jumper or hat so whatever the weather it will be best to leave these items in your kit bag.
20. The non-striker will stand away whilst the Umpire gives his partner a guard.
21. The Umpire will then retreat 6 yards back from the stumps so as not to be near the bowler when he approaches the crease.
22. If the bowler has an exceptionally long run he can bend his run round the Umpire and have enough time to straighten his run before releasing the ball.
23. Being 28 yards from the batsman may give the Umpire problems when deciding on an LBW shout. He may have doubts, think it going down the leg-side, not be sure if the batsman hit it or maybe just give a decision based on guesswork. This scenario is the only thing that won't change as a result of the virus.
24. At the end of the over the ball shall be returned to the Umpire and the bowler will leave the field of play to put a sanitised glove on his bowling hand. This may take a while so a substitute fielder will take his place also wearing sanitised gloves. When ready the bowler can return to the field of play during an over.
25. The wicket-keeper will stand 6 feet back which will make stumpings more problematical. The keeper will also wear a sanitised protector which may make his eyes water initially.
26. First slip will be third slip, second slip will be gully and gully will be deep point. There will be no square leg.
27. Only one fielder will be allowed to chase the ball at any one time.
28. Fielding with the boot is allowed provided the boots have been sanitised before entering the field of play.
29. In the unlikely event of one of our bowlers taking a wicket there will be no ludicrous high fives or back slapping, just 'well bowled Charlie, well caught Bert' or 'see what happens when you bowl it straight Keith'.
30. The use of saliva on the ball is not allowed. Sweat is also banned but the chance of our bowlers working up a sweat is unlikely.
31. The Umpire, after calling over, will move to square leg at the same time sanitising his pebbles or counter.
32. After 10 overs the scorers, who are social distancing the other side of the ground, will shout '10 overs'. The batsmen and fielding side will leave the field to replace their batting gloves, fielding gloves and wicket-keeping gloves although the

latter might still have a certain amount of sanitizer on them. This will take place after 20 and 30 overs in a 40 over game.

33. The scorers will also sanitise their pens, pencils, crayons, rubbers and laptops after 10 overs.
34. In the event of rain all players, batting and fielding will return to their cars. The scorers will get soaking wet as they are miles from anywhere and the Umpires will be like coiled springs watching the weather from their cars.
35. If they decide play is possible players will take the field wearing sanitised gloves. Play will continue for 40 overs with breaks after 10 overs.
36. In the event of an opposition player scoring a 50 or 100, which is likely, when we bowl, do not shake their hands or slap them on the back; 'lucky bastard' should be used instead.
37. Each player must bring his own tea. Tea will be taken after 40 overs with each Team, Umpires, Scorers socially distancing. The Kent players will be segregated into Players and Gentlemen. The Gentlemen will not be allowed to have their fag serve them tea. Players will eat their cheese sandwiches and water, Gentlemen will have a three course meal and wine.
38. After 45 minutes the Umpires will call 'Time' and the opposition will take the field wearing sanitised gloves and boots. The opposition had a left arm over which lead to some confusion when the batsmen ran a two. Both were on the wrong side of the wicket and collided. They had to leave the field, completely sanitise themselves and return to the wicket when a wicket fell as they had been replaced by the next two in the order.
39. Play ended after 40 overs. Stumps, bails, circle markers were left for the groundsman to collect. Both teams formed a line facing one another six feet apart and gave each other the clap they richly deserved along with 'well played', 'good game', 'lucky bastards'.
40. By this time it was 10.00pm, the bar was shut, showers not in use so the intrepid players sweating profusely, Umpires, Scorers got into their cars and drove home in pitch black vowing to return again next week as it had been so much fun.
41. The ECB directive for injured players had been made quite clear. If a fielder was injured with a broken finger, dislocated shoulder or other injury he was to self-administer first aid. If this was unsuccessful, he would leave the field, be replaced by a sanitised substitute, and go to hospital.
42. In the event of one of the opposition batsman collapsing at the crease the Home Captain will leave the field of play, collect his sanitised defibrillator lodged between the scorer's knees for safe keeping (her knees having been duly sanitised), and place said defibrillator six feet from the collapsed player. That player will then inch his way to the defibrillator, remove the pads, adjust them on his chest and hit the shock button. If this fails and he passes to the other side one of his team mates should phone for an ambulance. On arrival the sanitised ambulance men would take away the stricken hero on a sanitised stretcher. After a moment's contemplation the game will resume with two new batsman at the crease.

THE 2G FLICX PITCH

The world's most portable, versatile, cricket pitch solution

The new and improved 2G Flick Pitch is made from a softer tile and is manufactured in the UK. Suitable for a huge range of applications (Adult or Junior, Indoor or Outdoor, Hard or Softball) we provide a great value, flexible surface solution which can be rolled out on a huge range of under surfaces to create or improve your cricket facilities... Applications include

- Converting a grass field into a cricket pitch
- On the outfield for multiple junior matches
- To upgrade a worn/ under performing NTP
- High performing indoor cricket mat
- Rolled out on synthetic pitches or astro's
- On concrete playgrounds, beaches & in gardens

Report from the Chairman 2020

I give below the report on 2019 which I wrote in February 2020. What a summer it could have been!

What a Cricket season last year provided!

What could have been just another summer turned into a potential heritage cricketing legacy in the making thanks to the England cricket teams, competitions at county and club level, and the potential – even though it is controversial – of the coming Hundred programme.

I am of the opinion that, given the insight which we at CCC are able to gain from our close liaison with the County Boards and the ECB, that the heritage question can, and indeed should, be promoted and fuelled by Club Cricket across the country. Clubs have the unique facility to enrol children and parents into the cricket family. In order to do so Clubs need to promote themselves as the ideal place for youngsters to meet and play. It is also the place where parents can become involved in a local community in the knowledge that their children are looked after safely and with care. It is the duty of Clubs to make this happen.

In my role as Chairman of CCC I sit on the Board of the National Cricket Conference who have recently contracted with the ECB to provide services covering various aspects of administrative and practical assistance to county boards. NCC has contracted for 2 years at a rate of £165 per annum and CCC will supply the administration capability to NCC.

This contract has been hard won and allows us, together with our other partners, to show how our expertise and experience can help the cricket establishment to maximise the potential of clubs to feed the elite game, encourage new players and drive junior cricket forward at the lowest levels of the game. We will become the voice of the Club game at the top table, and it is gratifying that the ECB have acknowledged our ability to complement their work.

The new Board of the CCC will have a large agenda this year.

Our successful cricket programme and the work which is done to provide fixtures and advice to clubs and teams will continue and expand. Our sister charitable organisation, The Club Cricket Charity, is continuing as a partner of the England and Wales Cricket Foundation with its programme of supply, distribution and training in the use of defibrillators. At time of writing we have requests for over 150 units across the country on top of the 130 units already supplied in the past year. This, apart from being a great achievement, has added to our credibility with the ECB and others as proof of our ability to get things done.

An extension of this exercise is to engage with County Boards in encouraging clubs to equip themselves, and this has already commenced with one County which will act as a template for repetition across the country.

The Charity has also become involved in a Character Through Cricket programme with clubs becoming hubs for local schools alongside their County Boards for coaching and training in human and social values thorough the medium of Cricket.

We will continue our support of the National Asian Cricket Council and the African Caribbean Cricket Association, as well as promoting our Women's and Girls' cricket programme. Given last year's surge in interest, I am still unconvinced by the argument that club cricket has a

diminished status in the UK. It is up to us to promote and publicise our role in the community and each club can do so. If you don't know how contact the office!

Finally, many thanks to Keir Hopley who has come to the end of his Presidential year. Ever present and still able to give sage advice at Board meetings we wish him a wonderful future.

Despite some health scares, Stan and Donna have kept the home fires burning and we wish them a healthy year.

Have a wonderful 2020

Robbie Book

CCC Chairman, March 2020

Test Cricket

China won the toss and decided to bat. At the toss Captain Johnson shook hands with his counterpart, a gesture he was later to regret. He was somewhat put out as he was used to getting things his own way and so consulted his senior players as to what would be a good score to restrict them to. The consensus was that anything under 20,000 was gettable. He then suggested that he needed to have someone to blame if things went wrong. He said that he normally blames the Groundsman but, on this occasion, decided to call in senior members of the Bowling Academy. He said: "If I keep saying that I consulted them no-one can blame me for making the wrong bowling changes and field placings. I will also make them come onto the field of play in between overs so that everyone can see that it is not me making bad decisions."

However, Johnson's team seemingly did everything wrong. Tactics adopted by most successful international teams such as Germany and South Korea were ignored. Left arm bowlers bowled right-handed, spinners opened the bowling and there were some bizarre field placings. The score started mounting alarmingly. Nevertheless, at every drinks interval the senior players explained that everything was going to plan and that the Bowling Academy had advised at every stage of the proceedings. The bowlers continued to serve up half-volleys saying that was what they had been told to do.

Nevertheless, the score didn't seem to be mounting as some had expected and the scorers were asked if all the runs scored had been included. They explained that they had been instructed not to include those scored by the senior players since they did not count towards the first-class averages.

At lunch one of the Bowling Academy whispered in the Captain's ear that something called Herd Immunity would overcome the flow of runs and so for a while all the players wandered around the field saying "Herd Immunity" although none of them knew what it meant. At the tea break an independent expert was interviewed in the Commentary Box and he

continued over...

explained that to achieve Herd Immunity all players would have to be given a bowl and that by the time Herd Immunity was achieved the score would be over 500,000 and that the Chinese would still be batting on Day Four. The Captain quickly shelved this plan and pretended that he had never subscribed to it.

Instead the Captain inexplicably started babbling in Latin and then said "In our last match everyone came on side when we kept repeating "Don't drop catches" over and over again". So, he introduced a series of Mantras which everyone had to learn and repeat between overs: "Stay in the Ring, Protect our Bowling Averages and Save Runs". Soon everyone in the crowd was saying them too.

Fielding became increasingly difficult; many substitute fielders were used and the Dressing Room became overcrowded. Someone suggested that a new pavilion should be built and so all of the club's financial resources for the next five years were spent on converting the local school. As more and more players needed to get kit from the team bag they found that there was a shortage of pads, boxes, helmets and other protective gear. Mat Hancock, the Kit Monitor, claimed that he had ordered enough but no one believed him.

When the Captain's best friend came on to bowl, he took a wicket with what the umpire decided was a no-ball. Everyone could see that his foot had landed over the line but the captain denied this and said that his friend was being discriminated against and that he had done nothing wrong.

When someone sent a message out to the captain that the score was nearing 30,000, he said "I've stopped looking at the scoreboard. I'm more concerned with what a prat I shall look if they score more than Italy".

CCC Cricket Report 2019

In extraordinary times such as these, with society in lockdown and no prospect of social distancing being relaxed in the foreseeable future, it has been an enjoyable task to glance back on the 2019 season and reflect upon the Conference's fixtures last summer. Most importantly, I was able to do so in the knowledge that Stan Nicholson, so important to our organisation in many ways, had recovered from serious illness and was ready - pads on and bat oiled - to stand side by side as we planned for another busy schedule.

CCC representative cricket was once again to the fore in 2019. The usual and most welcome gamut of County fixtures, covering all formats of the game, touring sides and development matches at Under 25 level, all contributed to an enjoyable and pretty successful summer for the Conference.

The season kicked off in mid-May against Hampshire 2 after a false start as a scheduled match against Hertfordshire was cancelled due to a lack of a venue. As a season opener then, the Hampshire game - played at Cranleigh CC on the lovely town green - proved to be a great fillip for our programme. A 50 over match, coloured clothing, white ball and a strong Hants side greeted a talented and young Conference team housing three debutants, all of whom played significant roles as the game unravelled.

Hants won the toss on a sunny morning and elected to bat. An outstanding bowling and fielding performance by the Conference ensued as they kept the lid firmly on the Hants batters, never allowing a significant acceleration in the run rate and always finding a wicket at the right moment. Hants were indebted to three batsmen for the bulk of their runs: L. McManus, 64 B Taylor, 55 and H Carne, 42 all batted well against a demanding and varied bowling attack which took all 10 Hants wickets by the 48th over, with 232 on the board. Debutant Nathan Smith (Radlett CC) led the attack well, alongside David Burton (Richmond CC) and Ed Wharton (Reed CC), with a plethora of spinners in skipper Jamies Southgate (Welwyn Garden City CC), Jasdev Basan (Hornchurch CC), Evan Munday (Teddington CC) and Darren Ironside (Billericay CC) all providing control and wickets, which were shared, as they pulled Hants up perhaps a little shy of a par score on a slightly slow wicket.

I think he is out ?

In reply, the CCC got off to a confident start, always up with the run rate and batting in a manner that exuded a calm air of control, mirroring the bowling performance of earlier in the day. There was however, a bit of a wobble as the Conference found itself three down with 100 on the board, despite all batters getting a start. We were then provided with a match winning stand between two players making their debuts, Sahan Arachchige (East Molesey CC) and

Baber Choudhary (Old Brentwoods CC) who batted outstandingly to wrest control back for their side and then began to dominate an attack that was increasingly worn down as the batsmen gained the belief that the day could yet be theirs. Arachchige (87) and Choudhury (72 no) saw the Conference home in the 47th over to complete a hugely proficient win where all elements of the game came together and skills were executed to a high standard by a good team.

Essex 2 provided Conference's next opponents the following week, as CCC travelled to Billericay CC for the annual three day game against the County. Essex has always honoured the Conference by putting out very strong squads against us and it proved no different again. With eight of their side playing in either the championship winning team or the one day/T20 side during the season, Essex batted first on a pretty flat deck but with a hint of swing to help the bowlers early on. A steady start by Rishi Patel and Varun Chopra was undone as they fell to Nathan Smith and David Burton. Ravi Bopara was dismissed for 14 shortly after by debutant Arafat Bhuiyan (Bickley Park CC), leaving Essex 77-3. This became 77-4 as Smith immediately secured his second wicket and then 10 runs later he claimed his third of the day, highlighting a good degree of stamina and skill in a lengthy spell. Smith's withdrawal from the attack signalled a change in fortunes however as two of Essex's outstanding young pros combined to counter attack in thrilling style. Keeper/batsman Michael Pepper and bowling allrounder Arron Nijjar both completed fine centuries to ensure Day 1 ended with Essex in control. The declaration came early on Day 2 as the Conference took the ninth wicket, Essex settling on 329-9 after 104 overs. It was a very decent bowling performance from the Conference, led again by Smith (3-73) and swing bowler Bhuiyan (5-59).

The CCC got off to the worst possible start when Vineeth Manjunath (Richmond CC) was caught for a lengthy 0 off 23 deliveries. Hamza Ahmed (North Mimms CC) and skipper Ben Compton (Richmond CC) took the score to 34 before Ahmed fell for 23. Wickets fell at regular intervals throughout the innings with batsmen getting starts but not managing to convert, with the notable exception of Smith, Otago's allrounder, who batted beautifully for 67 in holding the reply together. He found fine support from Darren Ironside coming in low down at number 9, who supplied a half century as the Conference were bowled out for 205. Arron Nijjar proved his all-round capabilities with three wickets as all Essex bowlers got on the scores sheet.

Essex's 2nd innings was all about batting forcefully to provide time to bowl the Conference out on the last day. Their class was amply illustrated by a second wicket partnership between Chopra and Pepper of 214 against a toiling CCC attack shorn of Bhuiyan who had left the ground injured after the first innings. David Burton put in a fine effort however, bowling 20 of the 52 overs delivered (1-64).

Chasing 360 for victory, that thought was never realistic. The Essex management clearly wanted to see how their bowling attack lived up to expectations in seeing their team to an anticipated victory on the final day. The ball swung prodigiously for a while and wickets fell early on against a seam attack that all had First Class or List A experience. Ahmad Elach (Stanmore CC) and Compton provided a stabilising influence in the middle order and batted serenely for 43 and 39 respectively, supported further by Smith with 37. With time bleeding away, Nijjar slipped in with a couple of late wickets but the Conference were steered to a credible draw by Munday and Burton as Essex did everything they could to win the game.

Poor weather did for the next representative fixture against the Royal Navy CC, scheduled for the lovely Leatherhead CC, so the Conference's next outing was an Under 25 match against London University at Winchmore Hill CC. London University were under the tutelage of CCC 2019 President Keir Hopley and elected to bat first on winning the toss in a declaration game. They were indebted to 72 by their skipper Aryan Jaane, who never got the strong support he needed to put a challenging total on the board. The Conference's bowling was dominated by an outstanding spell of leg spin from former Kent 2 bowler Jan Gray (Sandwich CC) on debut. He returned figures of 7-45 as UoL were dismissed for 192 in the 52nd over.

The CCC's batting was littered with stroke makers and aggression and from the outset, appeared determined to bring the game to a close - one way or the other - as quickly as possible. Hamzah Ahmed (42), Muaaz Ali Ahmed (59, Waltham CC) and Bilaal Anwar (43, Loughton CC) all ensured the run chase was maintained at over 5 an over but none saw the game to its conclusion, falling to careless shorts. Despite that, the Conference secured victory in the 36th over, four wickets down.

One of the CCC's historic fixtures was up next as the visiting Australian Crusaders were hosted by the Conference at Teddington CC. The Crusaders have a Roll of Honour that could populate a full Australian Test team or two and so a keen contest was anticipated as the flipped on a balmy morning. Skipper Tom Phillippe (East Molesey CC) won the toss and elected to bat first in a 50 over contest. As it turned out, the Conference was indebted to a subliminal innings from Eddie Ballard (Bishops Stortford CC), an increasingly mercurial talent and CCC cap. The Conference, Ballard apart, struggled against Crusaders' bowling but Eddie's 154 made a nonsense of all other contributions as CCC closed on 293 off its allotted overs. A late burst of 34 from Jamie Southgate provided the next highest score on day when Ballard reminded us that when in form, he is a batsman to be feared with all the shots and more.

The Crusaders reply was given a decent base by Noah Croes who got to 55 before succumbing to the wiles of Ranjit Singh (Bickley Park CC) on debut. Their efforts to maintain the run chase resulted in wickets falling at regular intervals, six of the eventual nine falling to spin. Quite incredibly, Ballard managed to chivvy skipper Phillippe into giving him a bowl, resulting in four overs of all sorts, 31 runs and infuriatingly a wicket to boot. The CCC rode out victors by 54 runs on an excellent day when new friendships were made and old ones relit.....

At the beginning of July, Conference travelled down to Polo Farm, Canterbury to face Kent 2 in a double header T20. Though undefeated thus far, the T20 format against the County sides has always been the CCC's weakest format, coming up against specialists within the pro staffs preparing for the T20 campaign. On the day Kent proved too strong in both games and won each match, by 79 runs and 6 wickets. It was the first time since beginning the double header format that Kent had won both games but the day highlighted the gulf in craft between decent club players and professionals who train in this unique format. Not one for the memory banks.

The CCC returned to winning ways the following week when Bishops Stortford CC hosted us against a World Sports Exchange X1, made up of overseas players placed in league cricket clubs across the country for the season. Dominic Chapman (Bishops

Stortford CC) won the toss and knowing the local conditions so well as club captain, he elected to bat first on a sunny day in a 50 overs game. Scoring was never easy as the wicket offered a bit and the bowling was of a high quality. Chapman led from the front with 55 at the top of the order. He was backed up by 40s from Alan Jones (Harlow CC) and Baber Choudhury as the Conference closed its innings on 238-8, perhaps below par against strong opposition.

Bexley's Adam Ball batting

However, an outstanding bowling performance from the CCC ensured that World Select X1 never got any impetus into their reply. Andrew Westphal (East Molesey CC) provided the dream opening spell, bowling fast and straight to claim the first two wickets to fall with just 6 runs on the board. No batsman managed 50 as wickets fell in a timely manner and the Conference secured the win in the 49th over, bowling WSX1 out for 205, winning by 33 runs. All Conference bowlers chipped in with wickets, led by Darren Ironside (3-40).

Middlesex 2 were the CCC's next opponents. A bright warm day met us at Southgate CC as both squads arrived, ready for a day that as it unfurled, provided some outstanding batting highlights. As with Kent 2, our fixture against Middlesex has in more recent times become a T20 double header. Game 1 saw the Conference bat first against a varied Middlesex attack led by the outright pace of Tom Barber (3-27). Then Conference scored 162-5 from its 20 overs, Jaahid Ali (West Herts CC) scoring a fine 53 and Simon Webster (Totteridge Millhillians CC) adding 43 on his debut. Despite the efforts of Lesbourne Edwards (Hornsey CC) and Matt Grant (Welwyn Garden CC) who both picked up a couple of wickets, Middlesex claimed victory by 4 wickets, chasing down the total in the 18th over.

Middlesex batted first in Game 2 and the day was lit up by one of the best innings I've ever witnessed in the T20 format at any level. Dan Lincoln - who plays his club cricket for Finchampstead CC - scored a brutal but sublime 118 in helping Middlesex to 251-3. The Conference bowlers had no answer to Dan's incredible range of shots as he repeated his feats of the year before in scoring a ton that helped him to his debut appearance for the full county side in the T20 competition a couple of weeks later. In reply and to their eternal credit, Conference batters were not cowed by the huge score. Hamza Ahmed - who has it in him to be devastating - and Jaahid Ali again batted with power and grace as the CCC made it past the 200 mark. It was never quite enough as an outstanding game was wrested by Middlesex late on, the Conference closing on 205-7.

Yet again, the CCC bounced back from a County defeat in the best possible way with an emphatic victory over The Army at Aldershot in mid July. Rain had left the ground wet and the start was delayed. The Conference skipper Andrew Westphal had no hesitation in putting The Army in on winning the toss and his decision was vindicated by a near perfect bowling display by him (4-6) and spinner Jasdev Bassan (4-10) that saw the opposition skittled for 92 in the 33rd over. The reply was equally

coruscating; led by Niall Solomon (East Molesey CC) with 48 not out, Conference secured the win by eight wickets in the 23rd over.

Very disappointingly, the CCC's next fixture, an Under 25 match against Bucks Academy, was abandoned due to persistent rain at Gerrards Cross CC, rain interventions had already reduced the game to 28 overs aside, the CCC closing its innings on 146-9 (Darren Ironside 40). Further rain ensured that Bucks could not begin their reply and the game sadly, was abandoned.

The last of the Men's representative fixtures of the season was against the MCC at Harlow CC, hosting the Conference for the first time. The day proved to be a wonderful celebration of our special sport, as the Conference had also helped in securing a game on Harlow's 2nd pitch for the touring California Cricket Association Under 11 squad, against the club. Added to that Harlow CC provided a truly exceptional day as hosts, selling tables for the mother of all lunches that ensured a full house for the day and a lengthy, very liquid evening to boot. Sadly, the Conference chose this day to put in its most lacklustre performance of the term, being bowled out for only 170 in the 36th over of a 50 overs game. On paper, it was inconceivable that such a thing might occur, with a strong and generally inform batting line up to call upon. A wide range of poor shots did for the Conference batting however, against disciplined bowling from "The Club". The CCC's bowlers proved equally ineffective as the MCC cantered to its required total with only two down and plenty of overs to spare so frustratingly, we could not put on the cricketing show that the day itself deserved.

Despite the disappointment of the final game in the calendar, the 2019 representative cricket season proved to be both an enjoyable and a successful one. The cricket programme continues to be a platform for club cricketers to highlight their ability and to experience a level of cricket in different formats, beyond their clubs' fixture card.

As ever the CCC is indebted to all those who enable it to provide representative cricketing opportunities to our members' players. Without doubt, the support of Hampshire CCC, Essex CCC, Kent CCC and Middlesex CCC and their willingness to provide a slot in their itineraries for the Conference, is a huge boost to those of us that are involved in the playing and management of this programme. We are deeply appreciative of the Counties for enabling us to have such quality 'blue ribbon' fixtures.

Equally important, the clubs that hosted us in 2019 provided wonderful support and use of their facilities and supplied top notch catering for us and our opposition. To Cranleigh CC, Billericay CC, Canterbury CC, Winchmore Hill CC, Teddington CC, Bishops Stortford CC, Southgate CC, Gerrards Cross CC and Harlow CC, many thanks for all you did to facilitate the CCC during the season.

Aside from the representative cricket, the CCC also had three President's fixtures, to help member clubs celebrate anniversaries of varying degrees. These matches provide Conference with an opportunity to look at players recommended by their clubs and to identify the next crop of cricketers to be moved up to representative level. Barnes CC were celebrating their centenary in 2019 and our match against the club produced an extraordinary tie. Barnes were bowled out in the first innings for 213, Dharmarajsinh Jhala (North Mymms CC) doing most of the damage with 4-35. The

CCC's chase seemed to be well managed with Aditya Fair (Ilford CC) leading the reply with 42 but wickets fell regularly, leaving the last pair at the wicket in the 40th over, chasing the final two runs needed for victory. Skipper Will Hanson was royally run out chasing a second run off the last ball of the match as honours were shared.

Datchet CC celebrated its 150th anniversary in 2019 and the CCC were invited to support the celebrations with a game in the club's cricket week. Batting first, a young Conference side was dismissed for 232 in the 45th over, not enough on Datchet's small ground and excellent wicket. However, the Conference's bowling attack thought otherwise and led by Primal Patel (4-15), it dismissed Datchet for 193, leaving the CCC victors by 38 runs.

Our last President's fixture against Chessington CC was in celebration of the club's centenary. Another young CCC side took to the field batting first under the increasingly capable stewardship of Andrew Westphal. A score of 301-7 was reached from 45 overs with an outstanding contribution from Finnan Bryan (Beckenham CC) of 152, retired. In reply, the hosts struggled to match the high run rate and despite the late efforts of Dan Yarnley, the CCC's captain on its centenary tour to the West Indies in 2015, Chessington ended well short of the target, falling for 192 all out.

In closing and following from the earlier acknowledgements to those that support Conference cricket, we sincerely appreciate the engagement with our member clubs ongoing. If you have a wish to host a game, have an anniversary pending or have players you feel should be considered for representative cricket, our office would very much like to hear from you.

I wish to extend my personal thanks to all the umpires and scorers who were appointed to our games in 2019; I hope that you enjoyed our cricket and look forward to seeing many of you again as and when cricket can return. Thanks too, to 2019 President Keir Hopley, who attended many of the games, both as President and in opposition on one occasion and finally, sincerest and grateful thanks to Mark Stear our coach and to Stan Nicholson our office manager, who manages to magic players out of thin air at very short notice on multiple occasions, such is the fickle nature of availability. Stan is pivotal to the good running of our programme and we are indebted to him for his administrative prowess in ensuring a complicated programme is fulfilled, year in, year out.

In the face of a global pandemic and all the collateral effect that it is having on our society and communities, the CCC's immediate considerations are focussed at present - less on playing cricket this summer than on assisting in the support and survival of cricket clubs at all levels of the recreational game. Our best wishes to all who hold our game close to their hearts and to the myriad of volunteers that are the very soul and essence of the club game.

Stay safe, stay well.

Simon Prodger

Chairman, CCC Cricket Committee.

Q & A with Min Patel

By Gulfranz Riaz

Q - You have a long association with the CCC as a player and then as the coach. How did that develop?

Min - My involvement with the CCC began with an invitation by Max Hall to join the CCC 2001 tour to Australia as a player coach. It was a fantastic 30 day tour playing around the Adelaide and Sydney regions and at the time I was still playing for Kent CCC. In 2008 during the backend of my career I went on the return to Australia again, and it was at this time Alf Langleigh, who had just taken over as the CCC Chairman, wanted me to have a greater involvement with the CCC moving forward. He wanted to reshape the elite playing programme and he shared the same vision in finding a credible place for the elite playing programme for the Conference that sat somewhere near the top end of amateur game and just below the professional set ups.

Q - Having been a one County man, what have you been up to with Kent CCC since you retired and what is your current role?

Min - My playing days with Kent CCC ended in 2008/2009 due to injury and I decided initially to take a break from cricket having been involved in the game for the best part of 23 years. I then started to coach but not at the elite level as such, for example running u8 Easter classes and working with James Treadwell at Kent CCC. I started by coaching across all levels. Overall I worked across a broad spectrum of the game and did that for several years. At this stage the highlight was becoming the coach of the CCC and working with the best amateur cricketers in the South of England, with the added bonus of touring annually with them. I also tried to understand and help some

of these players who had aspirations to become professional cricketers in terms of learning about professional cricket and potentially give them a platform and opportunities to showcase their skills against County 2nd XIs. The CCC ended up playing against 2nd XIs from Kent CCC, Middlesex CCC, Surrey CCC and Essex CCC, showcasing the elite club cricketer.

After doing this for a number of years Kent CCC offered me the opportunity to become their 2nd XI coach 4 years ago, which offered grounding and stability which you get working for a professional set up that you do not get when working as a self-employed coach. It was also really lovely to be involved again with my County. This role has now evolved into the Head of Talent Pathway for Kent CCC which basically means overseeing the whole structure :our pathway from u13 level through to academy level and beyond.

Also over the last two years I have been coaching the England u19s as their spin coach, a role that I have thoroughly enjoyed as it means that for

approximately 90-100 days a year I can split away from my role at Kent CCC and work with some of the best young spinners in England. At Kent CCC now, my role is more generic so it has been really good to get back to my specialism which has always been around spin bowling and being able to impart my experience and knowledge to young u18 - u19 spinners has been a real joy.

Q - Tell us about the CCC Spin Scholarship to India which you help conduct each year.

Min - Yes we have been running what started as a pilot programme now for 10 years and it was about trying to give the best aspiring young spinners in the country an opportunity to be viewed by myself and other spin experts like John Emburey, Jigar Naik and the likes of Keith Medlycott. Some of these spinners have gone to play 2nd XI County Cricket and Imran Qayyum has gone on to play professionally at Kent CCC. The reality is that there are a fair amount of amateur club cricketers who probably do not get that window, who do not get an opportunity, and it does not always end up at your feet, especially if you are not involved with the National Counties programme. The Spin Scholarship programme is a fantastic showcase with the prize of an all paid for trip, spending 10 days at the Global Cricket School in Mumbai, who have been great partners of the CCC and the Spin Scholarship programme. The whole experience of cricket in Mumbai and the training facilities that are provided are exceptional and then the real challenge is to get these winners at into County Cricket: can we get them to preseason training programmes in a more elite environment to see where they really stack up? So the Spin Scholarship really allows us to measure the amateurs against the professionals and the benchmarks that need to be reached in an outdoor environment and I am proud of where the Spin Scholarship programme has taken us and of those players who have won and enjoyed the Mumbai experience and directed their cricket moving forward. It also nice for their efforts to be recognised with a presentation at the CCC annual lunch at Lord's.

Q - How did the idea of the Spin Scholarship come about?

Min - Well it landed with me to help support and run and I am sure the original concept came via Sachin Bajaj from the Global Cricket School, Mumbai and initiatives he would have with the ECB and some County Cricket Clubs. For me it is an excellent programme and one that has great relevance and value.

Q - What are the aims of the Spin Scholarship?

Min - Ideally we are heading in the direction where we can showcase the Spin Scholarship to Counties and for their Scouts, Pathway or Academy directors to attend and see these young spinners and almost it becoming part of their annual calendar, a bit like the MCC University trials that happen at Loughborough. We certainly need to see more Counties come see these spinners but we really need to filter the talent rigorously and robustly so that the very best spinners are able to showcase their talents on the centre stage.

Q - How would you describe the experience of training in India for a young budding spin bowler and do you recall your time having been born there?

Min - Yes I have great memories of growing up in Mumbai and I still have a lot of connections with the place and remember going there many times off season and training there. I know Sachin Bajaj well and his set up is an outstanding place to train and also an outstanding place as young man to find out about yourself. Can you deal with the pressure of the heat, the oppressiveness, the noise and if you are from rural England then Mumbai is as far away as it gets. It certainly is a great little learning experience even if you are there for say 10 days: you can get absorbed in all the cricket, absorbed in all of Mumbai life and for a lot of people because of how different it is it immediately becomes a place you either love or not: you don't get to ease into Mumbai life, it hits you in the face. From a cricket perspective you have bowlers everywhere and people willing to do anything you want from a cricketing angle and actually our relationship with Sachin and the Global Cricket School is a really special one that's evolved over the years and expanded with Sachin offering a couple of spots for the winners, so Sachin has been a great supporter of ours and we hope he continues to be for many years to come. We have also sent the winners to Mumbai at the same time as Counties who would be training out there so it has worked really well.

Q - Last year the Spin Scholarship trials had a different concept from previous years as they were focused more as a development day; how was that?

Min - What was interesting about last year's day was almost moving a little away from seeing quality spinners and then offering them a prize of going to the Global Cricket School in Mumbai and really seeing it as a two way street by trying out the development day approach. The main point was that even if they were not in the top five best spinners on the day, we wanted them to go away with some knowledge of what it took to get to the next level and it so became reciprocal where we wanted to provide a take home message that if you have aspirations to be a professional cricketer, to be around the professional environment, then these are the learnings, so we incorporated different aspects of performance cricket. In fact I hope that in some ways there was a reality check for some of those guys that cricket at the next level is not for them; and if that was the message one or two of them got them quite honestly they are better of getting that early then late and saving themselves a year or two and wishing they had known this sooner.

Q - It was good to see that the association with the ECB meant that you also had Mo Bobat who now is the National Performance Director for Men's Cricket present. How was that as an experience and what do you think it meant to the young players showing their skills?

Min - At the time Mo was the National Identification Lead for the ECB so that role at the time was more suited to the day he came and joined us for. I thoroughly enjoy being in Mo's company and thoroughly enjoyed having cricket conversations and listening to his ideas, which are not always off the page; and you can think a little bit laterally to a lot of people a lot of the time so having Mo there for sure added credibility to the environment and it was great to have him be part of the day. It was great to have Jigar Naik there too and he as an ex professional cricketer and spin bowler for Leicestershire CCC had words of wisdom for the young players as he's been on the journey these guys are trying to get on; and over the years we have had Keith Medlycott, and John Emburey so every one of those in their own individual way has something to offer and Mo actually not being a spinner offered a very different dynamic in terms of talking about talent ID at the National level.

Info@deutsche-cricket-union.de
www.deutsche-cricket-union.de

Let's hope to catch a ball soon and not Covid!

Hi I am Dr. Afzal, an avid cricket fan, who has also played cricket for Warwickshire CCC in the past. I was also very fortunate to play for the NACC Ladies in its inaugural match against the MCC last summer. I am currently a GP in Birmingham.

As you are all aware we are presently in a pandemic caused by the SARS Coronavirus 2 which causes the COVID 19 disease, which has resulted in thousands of deaths worldwide. Covid 19 is caused by respiratory droplets and direct contact with the virus for example by coughing, sneezing, shaking hands, touching surfaces that an infected person has touched and then touching your mouth, eyes, or nose.

The key symptoms are a persistent cough, fever and changes in senses of either smell or taste. If anyone experiences these they will need to self-isolate for 7 days but if anyone in the household has symptoms then everyone else must self-isolate for 14 days. The reason for this is that if someone at home has had it then you're likely to catch it in the next few days.

We must remember that the majority of us (80%) will have mild or no symptoms and will make a full recovery; however those who get the severe form can get pneumonia resulting in complications including death.

It is important to wash your hands with soap and water for 20 seconds regularly (especially if you've been outside) as that will kill off the virus. Do not shake hands. When you are outside you must keep a 2 metre distance from those around you who are not living with you. As of the 1st of June we are (in England) allowed to have up to six people in the garden or outside but we must continue to maintain social distancing by keeping 2 metres apart. Face masks have some benefit mainly by protecting others from you but face masks and PPE are very important for carers and they should wear an apron, gloves and face mask. Gloves are of limited use unless you work in a clinical setting and hand hygiene is more important.

Anyone with Covid-19 symptoms must now apply for a test. If it is positive continue to self-isolate and make people aware who may have had contact with you in the last few days as they need to get tested and potentially self-isolate.

We need particularly to protect those who are vulnerable such as those with medical conditions like asthma, COPD, heart problems and diabetes. Those with cancer who are undergoing chemotherapy and those with blood cancers and very severe lung conditions were previously advised to practice shielding which is where you should not leave the house for 12 weeks (for full list of conditions that needed to shield see the NHS website). However as of the 1st June these patients have been told they can leave the house. I would however exercise a lot of caution as the number of new cases a day are still high and these patients are very vulnerable.

If you develop symptoms then don't worry, self-isolate, rest and drink plenty of fluids. Paracetamol can be taken for pain or fever (Ibuprofen is currently discouraged for COVID 19 symptoms). If you develop any symptoms which you may not normally experience with a viral infection such as shortness of breath, persistent fever, chest tightness or severe fatigue you must call your GP or 111 if it is out of hours. Please do not buy any medicines online to treat Covid 19 because there is no known cure yet and medication brought online can have serious side effects.

Covid 19 has had a huge impact on sport but things are slowly beginning to restart. At present it would not be feasible to have people at stadiums as it will be impossible to practise social distancing; however if a system can be arranged whereby everyone is sat 2 metres apart then I can't see why sports stadiums have to be completely empty in the coming months. In terms of direct impact on cricket, the ICC have said players are no longer allowed to put spit on the ball. It is an interim measure until the pandemic is over and completely makes sense as saliva is one of the main ways Covid 19 infects people but old habits do die-hard of course so let's be forgiving and not panic if players do forget, in those circumstance they may want to use some hand sanitiser, which the umpires may want to carry.

I hope you all stay safe and let's hope for a quick end to this pandemic so we can get back to playing and watching some cricket!

Dr. Samara Afzal

The Conference Cup Draw 2020

Look What you Missed!

35 clubs entered the competition in 2020.

Round 1, to be played on 24 May (Home team first):

1. Hutton v Enfield
2. Braywood v Camberley
3. Walton-on-Thames v South Hampstead

Round 2, to be played on 14 June (Home team first):

1. Crouch End v Winner of Round 1 Game 2
2. Blackheath v Upminster
3. Three Bridges v Wimbledon
4. Waltham v Stanmore
5. Banstead v Alexandra Park
6. Minster (Sheppy) v Bishop's Stortford
7. Winner of Round 1 Game 3 v Finchley
8. Oxted & Limpsfield v Bexley
9. East Molesey v Sunbury
10. Sandwich Town v Hoddesdon
11. Wanstead v Winner of Round 1 Game 1
12. Shenfield v Sawston & Babraham
13. Old Hamptonians v Cambridge
14. Bromley v Brentwood
15. Tunbridge Wells v Old Wimbledonians
16. Broxborne v Acton

Subsequent draws are similar to the FA Cup, hence winners do not know their next opponents, or whether drawn home or away, until the draw for the next round is made.

Round 3 to be played on or before 5 July

Quarter Finals to be played on or before 26 July

Semi Finals to be played on or before 16 August

Final to be played on Sunday 13 September, at a venue tbc.

The Conference Cup Final 2019

Bexley CC v Cambridge CC

Blackheath CC hosted this match on Sunday 15th September, on a warm sunny late summer's day.

Bexley won the toss and elected to bat on a well prepared / good looking wicket. Opening batters Calum Basey and captain Adam Riley brought up a fine 50 run partnership in the 12th over, but two overs later Riley was caught behind by Michael Turner off first change bowler Jake Lawrence in his second over; and the same combination dismissed George Haley, first delivery. This brought Adam Ball to the crease for a 97 run / 20 over partnership, which he dominated; 9 x 4s in his 64 runs. Cambridge rotated their bowling to no avail, and it required the return of opening seamer Henry Campbell to dismiss Ball, then Basey (52), in his final two overs. However Bexley had the upper-hand, and 73 runs came off the final 10 overs, with handy contributions from Matthew Stiddard (33) and Shaun Evans (24).

Bexley's Adam Riley batting

To be honest, Cambridge were never in it with their batting performance. 16 year old Jaskran Singh took a wicket in his first over, then the experience of Jason Benn and Adam Ball decimated the remaining Cambridge top and middle order: 43 for 7 wickets in 16 overs. The left arm spin of Freddie Foster wrapped-up the last three wickets.

Bexley's Jason Benn bowling

No doubt Cambridge will come again in this competition, as their name (as Cambridge Granta) is on the Bertie Joel Cup four times. For Bexley this was sweet success following their runners-up place last year.

For his billigerent innings and four wickets, Adam Ball, was awarded the 'Man-of-the-Match'.

Result: Bexley CC won by 171 runs

The Rob George Foundation

was set up in loving memory of Rob George, a member of Colchester & East Essex Cricket Club, and the son of Pip George, Chairman of Essex Cricket in the Community (formerly the Essex County Cricket Board) and a Board member of the Club Cricket Conference. Rob died aged 21 on 9th December 2013 following a long battle with leukaemia.

The Foundation has two distinct objectives. These are:

1. To provide practical and/or financial support to young people with life threatening or terminal illnesses.
2. To provide financial support to young people who demonstrate exceptional commitment and/or ability in the worlds of sport or the performing arts but may be held back by their financial situation from pursuing their goals.

The Foundation is proud to have Graham Gooch as its Patron. England cricketer Tammy Beaumont was a friend of Rob's at Loughborough University and is also a supporter of the Foundation. In its first five years of operation, a sum approaching £1.1 million has been raised which has enabled the Foundation to make awards to some eight hundred and eighty deserving young people, including several cricketers. The cricket family, particularly members in Essex, has played an important part in helping the Foundation reach these figures. The Foundation was proud to support one of the young members of the Conference's tour of the Caribbean in November 2015, as well as Kashif Ali, a promising all-rounder from Watford Town CC, who was introduced to the Foundation by the Conference's Gulfriz Riaz. Kashif was chosen as an MCC Young Cricketer for the 2018 season. More recently, the Foundation has been pleased to support Imran Maroof of Gloucestershire Second XI, a young Afghan refugee.

The Foundation is now receiving an average of one application each and every working day. Most of these are applications deserving of support. To satisfy this sort of demand – an average grant is currently £638 - the pressure for more and more fund-raising becomes ever more intense, and so the generous support from its supporters is ever more necessary. Fundraising is particularly difficult during the current Covid 19 crisis. The trustees would love to hear from any club who would like to discuss any form of fund-raising activity.

Further details of the Foundation's work can be found on the website:

www.therobgeorgefoundation.org

and details of some of the awards already made can be read there on the "Making a Difference" page. The Foundation is also on Facebook and Twitter.

G&P

Read it and Weep

About 5 years ago we had a vision of NDCC being the top club in Sydney. Simple goals ... Good coaching, good facilities, strong administration and a good environment in which to play cricket.

The aim was to ensure that all cricketers maximised their potential. Last year we won an award, assessed by Cricket Australia, as being the No.1 rated club in NSW. We are a "Good Community Club". We do more than other clubs. We set up a relationship with Special Olympics and have been coaching cricketers with intellectual disabilities for over 12 years. We run "Leadership Programs" for young cricketers to assist their development. We hold coaching clinics for hundreds of local kids. We take an under 16 age group on an overseas tour every 2 years. We run development squads in the winter months. We have engaged local businesses in sponsorship. We have worked hard on our relationship with council and local government members.

In summary, we achieved many of our goals with the huge commitment from our amazing volunteers. There was one goal remaining that required a lot of money! ... the facilities at Mark Taylor Oval.

I have enclosed an excerpt from our overall strategic plan to produce one of the top facilities in Sydney Cricket.

It contains the elements that secured the large government grant. It talks about:

1. Having a vision

- Establish a hub for Cricket in northern Sydney via:
 - Recognised as a leader in women's cricket
 - Host women's international cricket match on Mark Taylor Oval by 2023
 - Continue to produce first class & franchise players
 - Continue to build the pathway with local & adjacent cricket bodies for male, female, youth, school and All Abilities cricket

2. The uniqueness of cricket

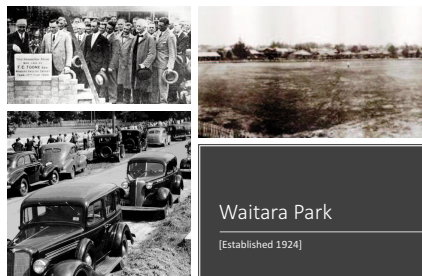

- Culturally important to Australia
- A part of every summer
- Uniquely inclusive:
 - Gender neutral
 - Multi-generational
 - Played globally
 - Culturally, ethnically diverse
 - Strong interest in schools
 - Wide community interest

3. A sense of history

4. A plan for the community

- Delivers new amenities
- Design to fit in with new look of Waitara Park precinct
- Maintains historical connections
- Accommodates co-tenants
- Continues community activities: youth clinics, Special Olympics
- A base for Hornsby Ku-ring-gai cricket
- Facility for learning, teaching

5. Critical success factors

- Facilities: re-development of Mark Taylor Oval;
- Coaching: high quality output to develop male & female player talent at youth & senior levels;
- Local nursery: strengthen relationships with HK&HDCA, schools & local coaches' association;
- Local government: consolidate relationship with Hornsby Council & other authorities;
- Increase catchment: links to Central Coast, Newcastle & lower Hunter cricket regions

6. The usage at Mark Taylor Oval

- Female and male Premier cricket – since 1925
- Schools: Northern District Schools Cup – since 1979
- Youth: Junior coaching clinics together with local coaches' association – since 2010
- All Abilities Cricket: Special Olympics – since 2006
- Personal Development Programs: NDCC Leadership Program – since 2010

Hope this helps. Two key factors are ... perseverance and keep smiling!

Kind regards

Mike (Drifter) Langford
Vice-President, NDCC

Representative Matches

Hampshire 2nd XI (at Cranleigh CC) on 14th May

CCC won by 6 wkts

Hants 232 all out (47.1 overs) L McManus 64, B Taylor 55, J Bassan 3/44

CCC 236-4 (46.4 overs) S Arachchige 87, B Choudhary 72*

Essex 2nd XI (at Billericay CC) on 20th to 22nd May

Match Drawn

Essex 1st innings 329-9 (103.5 overs) M Pepper 109, A Nijjar 118, A Bhuiyan 5/59, N Smith 3/73

CCC 1st innings 205 all out (82.2 overs) N Smith 67, D Ironside 52, A Nijjar 3/50

Essex 2nd innings 236-1 (52 overs) V Chopra 101*, M Pepper 101*

CCC 2nd innings 180-9 (63 overs) A Elech 43, B Compton 39, J Plom 2/38, S Snater 2/30, P Walters 2/22

The Royal Navy CC (at Leatherhead CC) on 12th June

Rain prevented any play

Australian Crusaders (at Teddington CC) on 26th June

CCC won by 54 runs

CCC 293-7 (50 overs) E Ballard 154, J Southgate 34, T Hall 3/53

Crusaders 239-9 (50 overs) R Stingel 58, N Cross 55, R Singh 2/53, E Munday 2/42

Kent 2nd XI (at Polo Farm, Canterbury) on 2nd July. 2 off T20 matches

Match 1. Kent won by 79 runs

Kent 192/2 (20 overs) J Cox 117*, I Dilkes 54

CCC 113 all out (18.1 overs) J Southgate 28, J Lysaught 4/16, F Klassen 2/6

Match 2. Kent won by 6 wkts

CCC 155-8 (20 overs) H Ahmed 37, J Bassan 27, I Qayyum 3/28, H Scott 2/15, I Dilkes 2/44

Kent 156-4 (15 overs) A Rouse 80, I Dilkes 31*, L Chapman 2/36, Al Ali 2/29

World Sports XChange XI (at Bishop's Stortford CC) on 10th July

CCC won by 33 runs

CCC 238-8 (50 overs) D Chatfield 55, B Choudhury 46, A Jones 43, S Shrestha 5/39

WSX 205 all out (48.2 overs) K Cele 39, N Hornbuckle 36, D Ironside 3/40, A Westphal 2/44

Middlesex 2nd XI (at Southgate CC) on 16th July. 2 off T20 matches

Match 1. Middx won by 4 wkts

CCC 162-5 (20 overs) J Ali 53, S Webster 43, T Barber 3/27

Middx 164-6 (17.5 overs) A Carter 38*, L Hollman 27*. L Edwards 2/37, M Grant 2/16

Match 2. Middx won by 46 runs

Middx 251-3 (20 overs) D Lincoln 118, J Davies 64*, L Hollman 31*, S Webster 2/57

CCC 205-7 (20 overs) H Ahmed 78, J Ali 42, T Walallawita 2/54, L Hollman 2/43

UK Armed Forces Cricket Association (at the Army Cricket Ground, Aldershot) on 18th July

CCC won by 8 wkts

UKAF 92 all out (32.5 overs) A Westphal 4/6, J Bassan 4/10

CCC 94-2 (23.4 overs) N Solomon 48*

MCC (at Harlow CC) on 1st August

MCC won by 8 wkts

CCC 170 all out (35.2 overs) J McNally 34, J Southgate 3/27, U Amjaid 4/15

MCC 174-2 (31.3 overs) B Graves 89, C Huntingdon 43*

Under 25 XI Matches

Buckinghamshire Academy (at Gerrads Cross CC) on 30th July

Rain abandoned match

CCC 146-9 (28 overs) D Ironside 40*, S Croft 3/29

After 4 rain breaks and an early lunch, the CCC innings was reduced to 28 overs.

Match abandoned as more rain again just as Bucks were about to start their innings.

Women's XI Matches

Oman National Women's XI (Watford Town CC) on 21st May (1 x T20)

CCC won by 7 wkts

Oman 86-9 (20 overs) V Jesrani 32*, A Lague 2/5, S Sivakumar 2/10

CCC 87-3 (17.1 overs) Z Khan 39*

Army Ladies XI (at the Army Ground, Aldershot) on 29th May

Rain abandoned match

CCC 128-3 (20 overs) E Vasey 42*, A Lague 42

Originally scheduled as a 40 overs match. Changed to a T20 after rain delayed start and early lunch. Match abandoned as more rain again just as the Army were about to start their innings.

UK Armed Forces Cricket Association Women's XI (at the United Services Sports Ground, Portsmouth) on 8th August

CCC won by 86 runs

CCC 191-6 (40 overs) D Ransley 84, E Vasey 27

UKAF 105 all out (38 overs) A Potgeiter 53*, R Hartnett 3/21, C Taylor 3/17

MCC (at the United Services Sports Ground, Portsmouth) on 9th August

CCC won by 124 runs

CCC 244-3 (40 overs) J Bird 91, C Taylor 76, E Windsor 45

MCC 120-4 (40 overs) S Taylor 68*, A Lague 2/20

President's XI Matches

CCC won by 109 runs

CCC 301-7 (45 overs) F Bryan 152, N Solomon 100, A Arora 3/53

Chessington 192 all out (43.5 overs) K Thomas 69, D Yarnley 37, N Solomon 3/5,

S Managat 2/15

NCC Report for CCC Yearbook 2020

The past 12 months have been most significant in the developing remit of the National Cricket Conference (NCC). At the very top of its agenda was securing a contractual partnership with the ECB, effective from February 2020, that would provide vital funding to support its activities moving forward. Over the course of last summer, various NCC directors held meetings with some of the biggest County Boards, defined by participation, to discuss the NCC's role within the game, where it might support County Boards' own delivery programmes and how its own proposed delivery streams should be aligned best to support the recreational game in general. Through the last quarter of 2019, the NCC entered into a series of meetings and presentations with ECB executive management and, through the process, was able to identify and agree its role, engagement and funding for a two year period from February 2020 to end of January 2022.

The core elements of the NCC's engagement focussed around four principal strands:

- Bringing the voice of 'hard to reach' cricket entities to the ECB, to support national programmes and initiatives
- Through the offices of its member/partner, the National Asian Cricket Council (NACC), maintaining the specific agreements with the ECB to support its South Asian strategy delivery and to partner in activities that help realise the outcomes identified between the two bodies
- Maintaining and developing the League Cricket Conference (LCC) membership to promote common practice among leagues and to support, advise and nurture leagues not affiliated to the ECB or County Boards, bringing them within the fold of the governing body

- Developing and maintaining an audited register of disciplinary actions and outcomes across all leagues and providing support and administration for the establishment and implementation of an independent panel of final appeal for incidents that have exhausted Leagues' and County Boards' own disciplinary processes

Almost immediately upon the commencement of the new agreement, Coronavirus unleashed as a global pandemic which, at the time of writing, continues to populate our social order with collateral effects that are adjusting the very fabric of our lives and the communities within which we live. Fundamental consequences have already been felt in cricket: the professional game is in lockdown until at least the end of May; County Boards and ECB have had to furlough staff whilst trying to do all they reasonably can to ensure the wellbeing of the bedrock of the grass roots game; clubs challenged by their cashflows at a time when, typically, their fixed costs are high and their ability to generate income is now utterly depleted by circumstance; no junior programmes in schools or clubs due to lockdown; league committees challenged by the financial imbalances brought about by sustaining preseason costs for balls, equipment etc., whilst managing the reality that clubs may be unable to justify affiliation and membership fees or the payment of invoices for said balls..... Consequently, the NCC is working closely with the ECB against a revised agenda, doing its best to help identify the breadth of the challenges to recreational cricket and to assist the ECB in putting into place initiatives to support and buttress rank and file clubs and leagues up and down the country. The NCC's role within recreational cricket is to support positively participation in the game and to complement the work of the ECB and its County Boards.

Through this ongoing period of uncertainty, the NCC will strive to play its part in maintaining the essential flow of information and delivery of projects that will help ensure the survival of grass roots cricket; and that, as a sport, we will be in a position to contribute to our communities once again, as hubs for social and physical wellbeing and the pursuit of sporting activity for all elements of society. Now, more than ever, is a time for all elements of our game to pull together: none of us really knows what the cricketing landscape might look like once we are in position to resume playing again but the tireless work of thousands of volunteers in clubs and leagues will be what ensures we have a structured game to return to. The NCC provides a voice: it is a two way conduit flowing between the governing body and the clubs and leagues of this land. It is also a willing and supportive partner to the ECB's other stakeholders and through its founding members, The Club Cricket Conference, The League Cricket Conference and the National Asian Cricket Association, it is committed to playing its part in developing ever stronger relationships across the spectrum of the recreational game and to do, first and foremost, what's best for cricket. Best wishes to you al.; Stay safe, stay well and we hope to see you out in the middle again very soon.

Simon Prodger

MD, National Cricket Conference.

Second Test

Before the second test the Captain was beset with problems. His best friend was in disgrace for breaking the team rules. Many of his best players came from former colonial origins who opted to participate in illegal mass net sessions all over the country and insisted on batting outside the crease. The miscreants were also all waving banners that proclaimed, "All Wickets Count". He was also being hampered by the Ladies captain who had issued a proclamation that all overseas players would not be able play for fourteen days thus rendering them ineligible for selection. His best friend told him not to worry too much about these difficulties as they could be used as distractions from their problems and could be blamed for the ensuing chaos.

The Captain thrived on being popular and he usually overcame such problems by stating that they did not apply to him and that it was time to move forward but he feared that it might be going a little too far on this occasion. However, he did act decisively by announcing that he was going to take charge of matters from now on, but this only begged the question "Well who has been in charge up to now?" The Captain said that he wanted to make it very clear that he and his team had been working round the clock to get match fit.

Meanwhile, the team Joker, Mat Hancock, was keeping everyone amused with his claims of how many runs he had scored during his career. The biggest laugh came when he claimed that the total was now over 200,000. It transpired that for every single he scored he was now adding another because the batsman at the other end had run as well.

The first test had proved a total humiliation for the captain as the opposition had run up a world record score, didn't bother to declare and were still batting at the end of the match. He remembered someone saying in similar circumstances that they had lost the match but won the argument but couldn't recall who it was or work out whether it was applicable here.

During the first test the Captain discouraged the use of protective helmets for outfielders but for the second he insisted that all of his team wear them when fielding. He had also decreed that senior players had to bat without boxes and many of them were run out without facing a ball.

The Captain and his best friend then came up with a new wheeze for the Second Test to contain the run flow, which they maintained was a world-class high-tech capability which they called Track and Trace. Every time a batsman scored a boundary a group of specially trained recruits would establish exactly where fielders were needed to be placed to stop it being repeated. Fielders were equipped with earpieces so that the specialists could contact them during play and guide them to precision positions. If the fielder then failed to stop the next boundary, he was asked to retire from the

continued...

field of play for the next two sessions. Unfortunately, the Captain's home-grown technology proved inadequate for the job and he had to arrange for American kit to replace it which would not be ready for the current test series.

One big change from the first test was that the captain declared that slip cordons could now include six rather than the previous two players. However, the overseas players just ignored him and got together in a huddle and waved their "All Wickets Count" banners. The Captain was perplexed over this and considered calling the American captain for advice but, for once, made the right decision and didn't.

To justify the nonsense that they were spouting the Captain and his cohorts started saying "right-thinking people would agree that...". Apparently right-thinking people were those who had been in the same dorm as them at school. Meanwhile, the club Treasurer who had spent all of the Club's resources for the next two generations on providing nets for everybody in the country kept saying that he would do whatever it takes to win the test series.

The "All Wickets Count" brigade turned their attentions to the statue of W.G. Grace claiming that he had, on occasion, disregarded the loss of his wicket and insisted that he continue batting at the crease. The captain found himself having to defend his idol's untenable position, further demonstrating his lack of understanding of the modern game.

Meanwhile, all this confusion was hiding the Captain's decision to leave the ICC at the end of the year. The negotiations were being delayed and there was every likelihood that there would be no test matches against ICC international opposition next year. Secretly the captain wanted this to be the outcome since then he would then be able to organise matches against other countries.

Spin Scholarship To India Development Day

8th September 2019

2019 - Alex Moor, Zen Malik, Nav Dwivedi

The Club Cricket Charity

Raising Money for the Amateur Game

2019 was a pivotal year in the activities of The Club Cricket Charity: as a recognised partner of the National Cricket Conference and the England and Wales Cricket Board, we consolidated our position as the go-to organisation to ensure that projects within the club cricket environment can be achieved. We have not only talked the talk – we have walked the walk!

Our activities in the provision, supply, training and distribution of portable defibrillators has ensured at least three saved lives to our knowledge. There are over 160 clubs in the UK with trained Defib personnel who can save lives!

The England and Wales Cricket Foundation has seen fit to provide us with a further grant of £200,000 to ensure that clubs around the country can protect their players, members, spectators and even local communities, to an unprecedented degree.

In this one field we have reached into the depths of the grass roots of cricket teams and clubs to an extraordinary level. We have proved to the ECB, in our role with NCC, that we are organisations available to them to complement their efforts with the County Boards in their facilities management which they probably hitherto had not realised.

One of the aims of the NCC is to provide the ECB with direct contact with hard-to-reach cricket groups and we, as the Charity, are in a unique position to help NCC in this regard. The 2020/21 strategy of ECB's facilities group is going to be based on health, safety and security at all levels from the elite sector all the way down to the teams changing under trees on a Wednesday evening.

Specifically, the ECB is in a consultation process, the culmination of which will mean that all clubs in their orbit will be registered against a set of criteria conforming to health, safety and security. In other words, the emphasis and the rewards for compliance will depend on welfare. This could include, as an example, free liability insurance.

All this has relevance to our work with the Defib project. With our experience and knowledge from our Defib efforts, we can be of huge help to the NCC in their work with ECB.

In our quest to cover the needs of amateur cricket we have become involved with the embryonic Wandering Cricket Association. Within their data and knowledge, they cover a huge amount of untapped cricket resource based on the traditional and timeless game which we have lost over the years. Your Trustees have decided to help this new, but potentially important, amateur cricket association with their work and will be contributing from our unrestricted funds budget during 2020.

In the background, we have continued our contact with The Character Through Cricket charity who endeavour to supply amazing resource to local authorities and County Boards. They provide the potential for clubs and schools to integrate and give strong motivational activities in social, community and behavioural advances through the medium of cricket.

Our activities have provided amazing results over the last year and we need funds in each of the areas described above to proceed with our work. We are approached daily for help alongside the needs of amateur cricket. Our amazing team of totally volunteer trustees want to help.

If you can see the benefit of how our work within the club and amateur cricket environment might fulfil your social charity funding programme, please contact us on enquiries@theclubcricketcharity.org

INTRODUCING NOTTSGRASSULTRA

BRINGING CRICKET INTO THE 21ST CENTURY

The Pioneering NottsGrass Ultra surface is the only surface in ECB Approved systems to use state of the art texturised monofilament yarns.

- **The longest lasting cricket surface available**
Laboratory Abrasion Results show one of the lowest level of fibre loss when tested to BS EN 13672.
- **Perfect balance between seam & spin**
Designed & engineered to be low-slip for increased safety and to be responsive to spin and seam bowling. Slip Resistance (Rotational Resistance tested in accordance with BS EN 15301-1).
- **Play more cricket!**
High strength & porous backing, minimising the effects of frost and ensuring maximum available playing time.
- **Customise your practice area**
Available in two shades of green, terracotta, or blue to allow larger practice areas to be visually appealing.

The National Asian Cricket Council

South Asian Cricket Community: 'A Wish List'

In May 2018 the ECB launched its South Asian Action Plan (SAAP) which was welcomed by the National Asian Cricket Council (NACC) as an extensive, extremely insightful and comprehensive Action Plan. It was important that the ECB consulted the South Asian Cricketing Community (SACC) up and down the country and with the NACC being in a position to facilitate and offer extensive advice into the preparation and delivery of this Action Plan, we could finally start to address a whole number of issues that the SACC have had going back decades.

Our role and work are still very much in line with the ECB's SAAP and it is equally positive to see our partnerships with a number of County Boards up and down the country develop into very meaningful partnerships. I strongly feel that NACC can complement and support the work the County Boards are striving to do resulting in an open and meaningful understanding of the NACC's role which can cement the vital work that needs to be done and by truly understanding each other's roles we can strive to reach all the aims and objectives that have been highlighted in the ECB's SAAP. It is also now a crucial time for key stakeholders to review, reflect and even reboot the current position we find ourselves and then move forward in a way that keeps us on the road of aiming to help deliver the many needs of the SACC.

Although it would be wonderful to have a magic wand and transform many of the needs that the SACC desire, the actual list may not be exhausted and certainly not as unrealistic as it may seem.

From holding extensive dialogue with representatives of the SACC dating as far back as 2012, it has become clear on not only what the needs are but also who the very real and practical partners can be, which should then help address the needs of the SACC.

The ambitions of the SACC can be traced and tracked to the following:

1. Requiring assistance and help with grounds/facilities plus access to funding/training for improvement and maintenance of grounds.
2. Identifying and supporting talented young cricketers at an early stage for County Age Group Programmes, especially from inner cities. Clear pathways that are then supported with clarity and true intentions that will then benefit young players from the SACC.
3. Identifying and supporting aspiring or experienced coaches for all levels in the game from grassroots to elite level.

4. Identifying and supporting aspiring or experienced umpires for all levels in the game from grassroots to elite level.
5. Identifying and supporting aspiring or experienced scorers for all levels in the game from grassroots to elite level.
6. Opportunities for supporting or working within cricket administration.

For the above to truly take shape it is imperative that key stakeholders with the portfolio of authority and decision making are engaged with and a clear framework is put in place with real clarity and direction.

The stakeholders and partners that are key in supporting the ambitions are:

1. ECB
2. County Boards, County Cricket Clubs and Academies
3. Traditional local cricket leagues and administrators
4. Local Authorities and partners with sporting portfolios
5. ECB – Coaches Association
6. ECB – Association of Cricket Officials

Although great efforts have been made in working together with even some small successes, it is still imperative that the root cause of disconnect at various levels with key stakeholders is addressed. With the above information as guidance for dialogue and potential partnerships to develop only then can we see a true and fairer representation of the SACC across many fronts in England & Wales and thus truly bringing the cricketing family closer and not just be wishful thinking.

Gulfraz Riaz
 Chairman,
 National Asian Cricket Council

CCC Annual Lunch 2020

The Annual Lunch was due to be held at Lord's on November 30th as usual but it will not have escaped your attention that we have had a few problems in England of late and the decision has been taken to cancel the event for 2020.

We are hoping to hold it on March 1st next year when it will still be known as the 2020 Lunch (if it's good enough for the Tokyo Olympics, it's good enough for us). We will be in touch with everybody as time goes by, hopefully with good news. In any event, the 2021 Lunch will be held at Lord's on 29th November (fingers crossed) so book your places for both as soon as possible please.

The good news is that the 2020 President, Roger Dakin, will also be President in 2021 – the only time in non-war years anybody has been elected for consecutive terms of office.

Social responsibility

Integrating Cricket in German Schools

DCU continues to deliver our primary goal of Integrating cricket in schools and with youth. DCU proudly join hands together with Agnes Wenke-Sekundarschule to integrate Cricket in German schools. Level 1, 2 and 3 trainers from England and the Deutsche Cricket Union Team is doing both the theory and practicals for the entire day. Thora Meißner is the event organizer of this great sporting event.

The DCU and partners including the The Lord's Taverners & Club Cricket Conference support the initiative "Integration durch Sport" in Germany with help for German schools, refugees and socially marginalised communities.

The Sovereign Trophy Draw 2020

*(the draw was made just before lockdown due to COVID-19,
hence all are subject to cancellation and/or amendment)*

Round One – May 27th

Match 1	Hertfordshire CL v Herts & Essex Border League
Match 2	BTCL (British Tamils CL) v Surrey County League
Match 3	Surrey Championship, Divs 1-5 v Britannia CL

Round Two – June 17th

Match 4	NCL (National Cricket League) v Winner of Match 1
Match 5	Essex County CL v Caribbean Cup Competition XI
Match 6	South East Sunday CL CL v Winner of Match 2
Match 7	Kent CL, Divs 1-5 XI v Winner of Match 3

Semi Finals – July 8th

Match 8	Winner of Match 5 v Winner of Match 4
Match 9	Winner of Match 7 v Winner of Match 6

Final – July 29th

(at neutral venue after finalists known)

Match 10	Winner of Match 8 v Winner of Match 9
----------	---------------------------------------

The 42nd Club Cricket Conference Annual Lunch

CCC Annual Lunch 2019

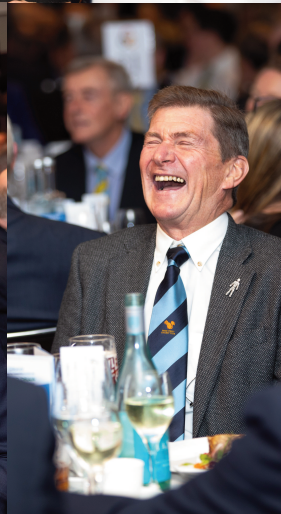

Once again over 400 guests packed the Nursery Pavilion at Lord's for an afternoon of fun, entertainment and the opportunity to meet up with old friends, remind ourselves how good we used to be, and, after making new friends, tell them as well!

The 2015 Centenary Lunch was graced by the presence of HRH The Duke of Edinburgh; who knew that, only four short years later, another Royal Family member would come our way – in this case the husband of Princess Anne's daughter Zara, 2003 Rugby World Cup winner Mike Tindall.

For the first time we also had a musical interlude provided by saxophonist John Altman who entertained the guests with a medley of some of his more than 4,000 advertising jingles before bowing out with his most famous piece and something which, in these straightened times, could almost become a second national anthem: *Always Look on the Bright Side of Life*.

Last year's Guest Speaker Phil Tufnell picks up batting tips from former CCC President John Poore.

A PROUD PART OF

GCS PHILOSOPHY

- To provide a holistic cricketing experience that helps budding cricketers gain THE COMPETITIVE ADVANTAGE.
- Across different continents and different skill sets, Global Cricket School will provide EXPOSURE TO WORLD-CLASS FACILITIES AND QUALITY COACHES.
- The focus at Global Cricket School would be to go beyond the jargon and deliver POTENTIAL CRICKET STARS.
- MASS CRICKET DEVELOPMENT will be the guiding principle at all Global Cricket School centers.

GCS PROGRAM PROFILE

Coach Experience - This program is designed to upgrade the existing skills of coaches by creating an exhaustive training module that compares with international standards and yet focuses on imbibing nuances from different cricketing cultures.

Club Experience - This program is designed for the amateur with keen cricketing interest to sharpen his skills and provides comprehensive practice in all areas of the game.

Youth Experience - Designed for the budding cricketer to gain knowledge and experience in all facets of the game this program is customized to each individual's training needs

Professional Experience - This program is designed to provide intensive and value added training to the first class cricketer who is on the threshold of a professional cricketing career.

"We look for people who can help us to organize a program in India and Sachin Bajaj has organized our trip very very well through the England & Wales Cricket Board. Our players like Andrew Strauss, Eion Morgan & Matt Prior have benefited their time stay in India which has helped them to prepare for the series ahead with Pakistan. Playing in India is a very hard thing to do. As a player if you come to the sub continent and do well you feel complete as a player because you are going out of your natural environment & that's why I feel coming to Global Cricket School is a great experience for our young players." - **Graham Thorpe** Lead Batting Coach, England

"Global Cricket School gives an opportunity to every person to explore their talent. GCS provides fantastic facilities, it has good experience bowlers of high standards which helped me to improve my basics to play in the subcontinent. It helps you to expose yourself to play in these conditions. The love for the game and culture for cricket is second to none in the world. Sachin Bajaj is a CRICKET MAD; he is so passionate about the game and has done lot for the development of the game. Cricket is his Mastermind subject." - **EION MORGAN**, Player England Cricket Team

"The most unique thing about GCS is for guys who did not have the opportunity to come and play in India before, to come to the sub continent and play in a good environment, with good facilities, good number of net bowlers, it is really well organised. Sachin Bajaj will go out of the way to make sure you are comfortable, happy and every need you might have is looked after." - **ANDREW STRAUSS**, Captain, England Cricket Team

Third Test

These were dark days for the captain. He just wanted to be loved by everybody and told what a brilliant leader he was but nothing would go right for him. The ungrateful members of his team and the spectators kept disagreeing with him on every decision and so he came up with a new strategy of saying at the team talks that he was being very clear and nobody should be in any doubt as to what the new strategy was but that didn't help as nobody could make out exactly what the strategy entailed since it contradicted what his colleagues were saying.

To make matters worse the Panel of Senior Bowlers who he had set up as the Patsies who he could blame for his daft decisions started denying that he was following their advice. In an interview before the match it was pointed out that if he was really following advice of the Panel of Senior Bowlers he would have instructed his batsmen not to hit the ball in the air or to field too close at short leg.

Because he couldn't get anybody out he changed his game plan and instead of having all the fielders round the bat he announced that they should spread out. This, on the face of it, seemed simple enough but many of them had lost their throwing arms and so they hung around near the bat. For what seemed an eternity he had repeated his tedious mantra: "Stay in the Ring, Protect our Bowling Averages, Save Runs" but this no longer seemed appropriate to his changed strategy and so he cunningly introduced a new one "Keep awake, Cut off the run flow, No overthrows", but even he had to admit that it lacked the pizzazz of the earlier one and nobody seemed to pick up on it.

The captain talked to the club treasurer and they decided that it would be a popular move if he said that anyone who wanted to give it a try could come on to bowl and they would pay them for their efforts. Not surprisingly this went down well, and soon huge numbers of spectators were queuing up for their go. The Club Treasurer had long since given up trying to control his expenditure and decided that since it would be some future incumbent of his position that had to deal with it, he might just as well dish out as much as people wanted.

The captain loved being in a position to make up the rules as he went along but he was finding it harder and harder to implement them without becoming unpopular. In particular, he wanted the fielders to spread out onto the outfield, but they kept congregating in big groups, particularly those from Leeds & Liverpool, the overseas players and those who liked the sandier spots. It was becoming increasingly clear that following his directives was optional but if he made an example of some then they would just point to his lack of action against the others.

continued...

Another puzzling feature of his leadership was the delay in implementing his decisions. For example, when Dominic Raab pointed out that he could take the new ball before lunch he said "OK we will take it just after tea". This left everyone baffled as to why he wouldn't take advantage of it during the intervening period.

He had always, previously, enjoyed mouthing off in public but found that this was continually getting him into hot water. When asked when the second and third elevens could start their matches he said they couldn't because they hadn't got any new balls but then a week later had to let them get on with it.

The press were unkind enough to remind him of previous failed strategies such as Herd Immunity and the rarely spoken of Track and Trace. He said that the Track & Trace was working well even though it didn't seem to be cutting off many boundaries. Regarding Herd Immunity he lamented that perhaps it wasn't such a bad idea after all as the opposition continued to pile up the runs.

Nevertheless, amidst all this gloom, the team joker, Mat Hancock, continued to keep everybody amused. In an interview about his boast of having scored over 100,000 runs he also claimed to have played in over 250 test matches. When questioned on this preposterous statement he explained that he included those he had watched on television, played on his computer and those for which his grandfather had got scorecards.

Meanwhile his Best Friend continued to plot in the background arranging for dissenters to be relieved of their positions and Chris Grayling who had been promised the role of Chairman of Pavilion Security was voted out by the ingrates.

Another problem was what to do about the second innings. The Panel wanted the bowlers to pitch the ball up, but the batsmen had huge bats and would keep hitting the ball out of the ground. And then just when things seemed to be settling down, Dominic Raab, who was in charge of away matches, said that if you played against teams south of the river you had to miss the next two home Games.

Sovereign Trophy Final 2019

With rain the day before the final, which was on the 31st July, the National Cricket League (NCL) won an important toss, and elected to field first at Leatherhead CC.

The South East Sunday Cricket League batted first and scored 192 for 8 in their allotted 45 overs, with Shabaz Alam anchoring the innings with 76 not out. The pick of the NCL bowlers was Adil Ali with 3 wickets for 33 runs.

In reply, the NCL batsmen also found it difficult, similar to the SESCL innings, and it needed a special performance to get close or chase-down the target. A useful 2nd wicket partnership of 47 runs and a 4th wicket stand of 75 runs were crucial in reaching the total in 41.1 overs, with an outstanding performance and batting display from opener Hamza Ahmed of 98 runs; he was awarded as Man of the Match.

The National Cricket League won by 4 wickets, to retain the Sovereign Trophy.

The spirit from both set of players was really positive, and both Leagues players and officers have creating new friendship amongst one another. This is the true spirit that the Sovereign Trophy has brought since 1975, and continues on, in building bridges.

Victorious NCL team

Man-of-the-Match, Hamza Ahmed

TVCL 130 all out (34 overs) Shamji 5/57 (incl hat-trick)

South East Sunday CL won by 164 runs

Obituaries

STUART YORK

21st September 1938 – 23rd August 2019

Stuart, a native of the village of Harpole in Northamptonshire, had worked for the Nationwide Building Society (and its predecessor) all his working life – at least until the age of 50 when he retired! – and this enabled him to concentrate on the two most important things in his life: his family and sport.

He was an enthusiastic golfer and went on many tours, both in the UK and overseas but his energies were not limited to golf, cricket and football. He was a fierce competitor at darts, quizzes, ten-pin bowling and playing cards and was a mean hand at the Telegraph crossword. He was also to be remembered and watched out for his wicked sense of humour.

In sport Stuart will be best remembered for his cricketing prowess. In 1975 Buckinghamshire CCC qualified for the Gillette Cup and drew Middlesex at Lord's (in those far-off days the Minor Counties were allowed to play the 'big boys' in competitive cricket). Although Bucks were well beaten, he scored a fine 73 not out and he and Brian Poll enjoyed an unbroken stand of 56 for the 8th wicket – then a record for the Gillette Cup and indeed the only record ever held by the Minor Counties in the competition

continued...

He was also noticed by the Club Cricket Conference and in 1977 was selected to tour South Africa, sadly cancelled on political grounds and replaced by a tour to the Caribbean. His first match was against a Barbadian team who thought the CCC were professional cricketers and turned out most of the Island team as practice for an upcoming cup game. Several of the players were Test cricketers. He was also selected to play for the Conference on the 1981 tour to Sri Lanka.

No longer playing for the CCC, Stuart was asked to manage the 1987 tour to Australia and two years later Buckinghamshire also organised a tour to Australia – their first – again with Stuart as manager. Finally, he was again asked to manage the 1991 CCC tour to Australia where one report from it states, "Stuart's consistent patience and efficiency was of the very highest order".

He was a member of the Buckinghamshire Selection and Cricket Committee for a number of years and became Chairman of the County from 1997-2010 before being appointed Club President in 2014. Finally, he was appointed an Honorary Life President – one of only three to hold that position.

In 2013 Stuart was appointed President of the CCC and, following the usual custom, a Life Vice-President from the following year.

As can be readily seen, the shy boy from Harpole led a very active and productive life; loved his sport; liked his work; was devoted to his family; and lived his life to the full. In addition to his sporting interests, Stuart was also heavily involved in Rotary and did much to help them raise funds for charitable causes. He was President of his local Rotary Club and regularly got up a table to attend and support the CCC Lunch.

Along with his wife Pat he made a point of attending as many Bucks Minor County matches as possible, both home and away, and was well-known and well respected on the circuit.

Pat, Jonathan, Christopher, Dana and Krista have lost a husband, father and companion, and we have all lost a very good friend who will be missed by us all.

David Smith
CCC President 2005

JOHN GOODMAN

5th February 1943 – 12th November 2019

John Goodman was a well-known and well respected scorer for many clubs and organisations over a period of some 63 years. He did start out attempting to play – for one season – but, at the age of 15, he realised his best years were already behind him and, fortunately for the game, he decided to take up the quill and parchment and become one of the unsung heroes of cricket.

Although he had many clubs, his principal one was Chipperfield (later Chipperfield & Clarendon) CC for whom he scored some 1,800 matches. At a higher level, he scored for many years for the Club Cricket Conference and Buckinghamshire CCC – including the Minor Counties team

and the Over 50s and 60s. He served the CCC as both a scorer and Councillor and, when he stepped down from the latter role, he was rewarded with a Life Vice-Presidency.

In addition to the dozens of matches he scored in the UK for the CCC, he also represented us on two tours to Australia (1987 and 91) and the Caribbean in 1989. During one of his Australian tours he became friendly with Swan Richards, the Founding Father of the Crusaders CC, an organisation based in Melbourne which, as well as playing matches, has also been responsible for giving many young Australian players the opportunity to develop and progress their game to the next level whilst touring the world.

continued...

John became their primary scorer for eight tours to the UK and Europe and this led him on to scoring for Cricket Victoria's youth tours over here. For three seasons John scored for Ashburton CC in Melbourne. He became good friends with former Australian Test umpire Darryl Holt who recalls that, on one of his visits, "He was a catalyst in organising the Victorian Cricket Association's Umpire's Association to include Scorers within our Association".

Among the many UK clubs he was associated with were The Royal Household CC at Windsor Castle and Sir Michael Parkinson's XI and September would see him in the scoreboard on the Nursery pitch at Lord's for the annual Cross Arrows matches. As late as last year John was still scoring at least four matches a week although his failing health was sadly there for all to see.

Like all good scorers he was a statistician par excellence and scored 738 individual centuries. Buckinghamshire Over 60s made a presentation to him on behalf of the county when he scored on his 500th ground (final figure: 502, not including the Elysian Fields).

Like so many umpires and scorers, John was a tireless toiler on committees. In addition to his work for Chipperfield CC, he was Fixtures Secretary for the Lee 75 League when it and the Three Counties League merged with the Thames Valley League in 1992; he immediately became Fixtures Secretary of the vastly expanded Thames Valley League and subsequently of the Home Counties Premier League from its inception in 2000 until his death. He also served Buckinghamshire CCC for a while as their Membership Secretary.

Earlier in his life he was a respected and liked referee in the West Herts Football League and served on its management committee for many years. He did say that he once contemplated marriage but in the end felt it would interfere too much with his sporting activities!

His working career was spent as an administrator for what became British Rail and he acquired a life-long passion for the UK railway system. When scoring an away match for our 1st XI he would often opt to travel by train, taking some tortuous route, in order to pass through a station for the first time and he would undertake similar journeys in the winter; if there remains any station which he did not visit in England, Wales or Scotland, then it only opened in the last few months.

Somehow among all this, he found time to contribute to his local community in Sarratt, where he helped to organise the annual Christmas lunch for elderly inhabitants and was responsible for monitoring the state of footpaths in the area for the District Council.

Nobody ever had a bad word to say about John: a kind and considerate man who would always find the time to help in any way he could. Sadly, the lung infection which had appeared to be responding to hospital treatment returned with a vengeance and he died on 12th November 2019 aged 76.

DAVID LOUIS BURDEN

24th January 1946 – 26th June 2019

A senior Minor Counties and County 2nd XI umpire, David toured with the Club Cricket Conference to Australia in 1997.

David was a very talented young batsman/wicketkeeper, good enough to be spotted by Surrey Coach and former England 'keeper Arthur MacIntyre. Sadly any hopes of a professional career were ended by his having a proper day job to concentrate on.

He moved to Camberley Cricket Club where he continued to perform to a high standard: in 1968 the club played Westcliffe-on-Sea CC in the cup. One of the Essex players that day was the redoubtable Trevor Bailey who was effusive about David's performance and went so far as to suggest David won the match for the club. He played in the Kemps

Cup (the fore-runner of the Bertie Joel Cup, latterly the CCC Cup for the Bertie Joel Trophy) Final at the Oval where, sadly, he only won silver.

"Monster" (for that was his nickname) had a devilish streak in him as was evidenced in 1975 when, in partnership with a fellow teammate and in honour of the famous streaker at Lord's of that season, he took part in a streak to the centre of the square – thank goodness he got all that out of his system before he donned the white coat!

He went on to play for Finchampstead and was with them when they made the, then, momentous step up into the old Thames Valley Cricket League. With no disrespect to the current league, in 1979 the TVL was as strong as a modern ECB Premier League containing as it did most of the modern Home Counties Premier League plus Basingstoke & North Hants CC and the now-defunct Hounslow CC who were destined to be Champions that year. He went on to become Club Captain.

When he finished playing, he took up the white coat and became an umpire, "*putting something back into the game*" as he put it. Promotion was rapid and he stood, first, in the Thames Valley League and then in the Home Counties Premier League when the ECB Premier Leagues were founded and the HCPL took over the TVL.

Over the following decades Dave was accepted onto the Minor Counties Umpires Panel and then the Hampshire 2nd XI list (in those days each county provided its own 'home' umpires). Over some twenty years with the Minor Counties he was to umpire three Championship play-offs and two knockout finals at Lord's: he also umpired Bermuda, Pakistan and Australia as his star rose ever higher. He was interviewed for, and invited to umpire on, the first class panel but the opportunity did not arise because he had a full-time job in senior management; he did however stand in 12 Nat West/Cheltenham & Gloucester matches.

continued...

Charlie Puckett remembers that the last time he saw Dave play cricket (in a manner of speaking) was at Wokingham CC when the visiting MCC team was a player short. He borrowed spare kit from some of the players to enable him to take the field. Sadly, the trousers belonged to somebody who must have stood at least 6'6" tall in his stockinged feet and weighed in at about 20 stones.

He prowled (sic) the area around mid-off keeping well away from any fielding when at last an off drive made him look up. Slowly the awful realisation dawned that he was not only the sole fielder in the area but that nobody else was going to help out. He manfully set out on the chase, keeping a tight hold of his trousers until finally he lost his grip, gravity took over and he tripped, the trousers by now being around his ankles. The ball had come to a halt just short of the line and the spectators were treated to the hysterical sight of Dave heroically plodding on all fours up the slope. He needn't have worried because everybody on the field had collapsed laughing – none more so than Mr. Burden! He was not to be found short in the humour department.

In 1986 he was elected a Member of the MCC and joined their umpires panel where more honours came his way, including tours to Germany, USA and Australia. Finally, he was a member of the Club Cricket Conference umpires panel and was invited to tour Australia in company with Neil Bainton (later of the First Class List) where he met Sir Donald Bradman.

In addition to his on-field activities, Dave was also Chairman of Discipline for the Home Counties PL, helped deliver the new pilot level 3 ECB ACO training course, spent several years helping the ECB with TV analysis work and assessing on-field umpires – including prospective first class panel - and, possibly his most important contribution to club cricket, in 2005 he became Chairman of the now defunct Association of Cricket Umpires & Scorers, ousting the incumbent and attempting in vain to save it; at least he had the satisfaction of knowing his efforts were not entirely in vain as the ECB stepped in to found the ECB ACO.

After his retirement he and Anthea would sit at one end of the ground holding court – a visitor, stopping for a chat, would know where they stood in the firmament if they were offered alcoholic refreshment and myriad victuals (something also to be enjoyed on the concourse of the Pavilion at Lord's) from Anthea's seemingly endless supply.

When cricketers are asked their views of the best qualities in an umpire, they would include: decision-making (surely a given), integrity, knowledge of the game and an understanding, and ability to deal with, players. He had all of that in spades but, perhaps most importantly, they would surely add, **"and he must be a good bloke"**. This last was most definitely true and we all miss him – Lord's and Minor Counties cricket is not the same without him.

We send our heartfelt sympathies to Anthea and his family.

Paul Adams, Jeremy Coles & Charlie Puckett

CHARLES RANDALL

16th November 1948 – 31st January 2020

For about 30 years, Charlie was on cricket 7 days a week, reporting on cricket for the *Daily Telegraph* and playing as much as time allowed. A top order bat and specialist gully fielder, he was a member of Radlett CC for over 50 years, part of a talented 1st team in the 1960s and 1970s with the likes of Geoff Dawson and Nick Draper, culminating in a flurry of centuries and a Herts trial in 1979.

In more recent years Charlie captained the Radlett 5th team, coaxing performances out of a bunch of players too young, too old or otherwise unsuitable for other teams, and winning promotion to Herts division 10 in 2010, making his side comfortably the highest placed club 5th team in the county for a few years. As well as skill with bat and ball, owning a car was a good way for a player to ensure selection, such were the number of colts in the squad who would need to get to the ground somehow. Charlie would spend most of the week on the admin but then contributed heavily with runs and wickets; he scored a league century at Letchworth aged 64, an innings that featured few quick singles but plenty of powerful pulls through mid-on, a trademark shot.

In his youth he bowled Chinamen, confusing keeper and slips as much as batsmen with his wrong-un, a ball designed to terrify rather than get a wicket. Years later he sent down many overs of orthodox left arm spin for Radlett 4th and 5th teams. He was an advocate for the social side of

continued...

cricket, and seemed to have friends lurking at the bar of many Herts cricket clubs. A team selected from the attenders at his funeral in February would be a match for anyone.

After retiring from full-time journalism Charlie devoted his time to watching and running amateur sport, serving as Secretary of Stoics CC, Chairman of the Hockey Writers' Club and President of the Honourable Artillery Company football club, who have now begun an annual game against the House of Commons XI for the Charles Randall trophy. Professional sport held less appeal; he would take a day at Cobden Hill watching Radlett over a day at Lord's. He was also a member of Porter's Park Golf Club for 55 years.

Charlie spent several years as Sports Editor of the Herts Advertiser, where he found himself writing headlines about his own exploits for Radlett – Champagne Charlie and Hurricane Charlie were two descriptions that found their way into print! In 1979 he moved to Fleet Street with the *Daily Telegraph*, travelling the world to report on cricket and rugby for over 25 years. After his death, his family was inundated with messages from younger journalists whom he'd mentored over the years.

Charlie's fine 1979 also featured the start of his 40 year marriage to Kate, followed by the birth of Nicole in 1980 and Simon in 1982. 5 granddaughters followed a while later.

Other interests included chess and collecting 7 inch vinyl singles for his Rockola Max jukebox (favourite records were by Del Shannon and Lady Gaga).

DEREK ALICK OAKLEY MBE

27 October 1927 – 22 September 2019

Captain Derek Oakley MBE RM was a talented sportsman who played cricket for the Combined Services and Royal Navy (in the days when both sides were far stronger than they are today), hockey for Devon, tennis for the Royal Marines and, in 1956, cricket and hockey for the Singapore national teams. In addition, he was Fixture Secretary for the Royal Navy for some eighteen seasons.

For these achievements, Derek was appointed an Honorary Vice President of the Club Cricket Conference.

The above was only a very small part of his incredible life: he joined the Corps in 1944 which began a career lasting 42 years. He specialised as an Assault Engineer Officer during the Malaysian Emergency in 1950-51, helping to train 45 Commando in jungle warfare and in 1957 he defused several improvised bombs in Ulster. Later he was brigade intelligence officer during the Brunei Revolt in 1962 and in Sarawak during the "Konfrontasi" (1963-66) with Indonesia. Service afloat saw him deployed to the East Indies, the Far East and Australasia. He was also Aide de Camp to Earl Mountbatten of Burma when he was appointed Colonel Commandant for Life of the Royal Marines in 1965.

continued...

On 6 November 1956 at first light Derek found himself leading B Troop 42 Commando in the leading wave of landing vehicles as they drove ashore at Port Said to begin the ill-fated Suez Campaign; his troop was the first ashore and therefore he was possibly the first British soldier to land. After successfully driving off the Egyptian army the marines realised that the enemy had fled the field and the way to the south and control of the Suez Canal was open: much to their chagrin they found that London at once ordered a ceasefire.

Their return to Plymouth on 9 December was greeted by mist, rain, cold and customs officers and, unlike after the Falklands conflict, no cheering crowds.

His active days over, he became Editor of *The Globe & Laurel*, the magazine of the Royal Marines, for the next eighteen years. He was also a published author writing several books about the marines including *A Pictorial History of the Royal Marines*; *Fiddler on the March* – a biography of Lt. Col. Sir Vivian Dunn, Principal Director of Music for the Corps; and *The Falklands Military Machine*; this latter book won several awards from, amongst others, the United States Marine Corps Historical Foundation and the Royal Marines Historical Society (of which he was the Editor of their in-house magazine for some twenty years).

In 2010 he co-authored *A Short History of the Royal Marines* which is issued to all new recruits and for which he received a Commandant General's commendation.

Aside from sport, his hobbies included local community work, travel and amateur dramatics, particularly as a member of the Hayling Island Amateur Dramatic Society: in 1990 he was the principal fundraiser for a new theatre project which raised £400,000.

We extend our deepest sympathies to his companion Gill and to his children Graham, Neil, Malcolm, Jeni and Philip.

Registration Of Umpires And Scorers

Object

To register those umpires and scorers from affiliate member clubs and leagues who wish to officiate for the Club Cricket Conference.

Rules

1 , The register shall be called "The CCC Register of Umpires and Scorers (hereinafter: "The Register)" and shall be maintained by the CCC Umpires and Scorers Appointments Committee (hereinafter the "Committee").

2 , Applicants for inclusion on the Register should apply in writing to the Chairman of the Committee enclosing a CV of their umpiring or scoring activities over the previous 3 years together with details of any recognised qualification (ACU&S and/or ECBOA) held and training courses attended.

3 , Any complaint made by or against registered umpires or scorers shall be made in writing to the Chairman of the CCC within 14 days of the alleged offence. The Chairman shall communicate the substance of the complaint to the subject party who, in turn, shall be requested/entitled to submit a written counter-response within 14 days. The Committee shall meet within 7 days thereafter to consider both the complaint and the counter-response. In the event that it is unable to reach a decision or to adjudicate based on the written evidence presented, the Committee shall have the right to require both parties on giving reasonable notice to attend a formal Hearing. The Committee shall also, if it deems necessary, report the facts of the matter to the Executive Council of the CCC for such further action as the Council may consider. Notwithstanding the above conditions, the Committee shall have the power to suspend or remove any umpire or scorer from the Register without being obliged to state its reasons for such removal or suspension.

4 , In all matters relating to the inclusion of umpires and scorers on the Register, the decision of the Committee shall be final. The Committee shall meet at least twice a year, or more frequently as may be considered necessary by the Chairman, to review the Register and to consider and adjudicate upon any matter not specifically covered by these Rules.

CCC Fixture Bureau 2020

Hours of operation

April to September

9:30am to 5:00pm Tuesday to Friday

Contact

Telephone:

020 8973 1830

Email:

fixtures@club-cricket.co.uk

(Email is incoming only; no reply)

The Bureau provides a fixture making service for all affiliated members throughout the season. In 2020 the Fixture Bureau will open on Tuesday 14th April and take fixtures until Sunday 27th September.

Method of Operation

To register for a fixture; during the week of the fixture the club's Fixture Secretary, or nominated deputy, should telephone, text, or email the following information to the bureau:

1. The name of the club.
2. The name, telephone number(s) of the contact handling the fixture and, where issued, the club's security code number.
3. The day and date required.

4. Home or away.
5. Which XI and its strength (see notes immediately below).

Team Strengths

Bureau staff can only arrange fixtures which reflect the information supplied by clubs and schools. If a Fixture Secretary says his XI is 'Strong Medium' we have to accept his word and register accordingly. If, during the season, it becomes obvious that club officials are regularly misrepresenting a team's strength, Bureau staff will try and exercise some judgement, having first drawn the club's attention to the problem.

All the data is entered into the Fixture Bureau computer system, following which the Bureau staff will impart details of other clubs with similar or matching profiles. Once the call is completed, the data will be imparted to subsequent callers until such time as the Bureau receives confirmation of a fixture made. To help us arrange the best possible matches, please define strengths as follows:

'Strong' – First XI's in higher league cricket fielding their top sides. This strength could also apply to clubs with only one XI who also play league cricket at a high level and are a genuine match for bigger clubs first XI's. Similarly, a Sunday side containing a large number of Saturday first team players should be classified as 'Strong'. The definition would not apply to a big club's 4th XI.

'Strong Medium' – This definition applies to a first XI which may be fielding a slightly weaker side from normal, or to a club's 2nd XI whose playing strength is only marginally below their first team's. Again, clubs operating only one side can be described as 'Strong Medium' provided they are a genuine match for bigger clubs' first or second XI's as described earlier. Equally, a Sunday side with some first XI representation can be 'Strong Medium'.

'Medium' – The catch all category. In this section clubs would have to field sides containing specialist players in all categories – bowlers, batsmen and a wicket-keeper. It is unlikely that a medium side would contain more than one colt or one vet. Clubs 2nd and bigger clubs 3rd XI's would usually be covered in this category.

'Weak Medium' – This would apply to clubs either fielding severely depleted 2nd teams or clubs putting out 3rds and 4ths containing vets and colts. It would also apply to clubs fielding only one side whose players are either not regulars, or whose fixtures are occasional rather than regular.

'Weak' – Probably a one-off side with very occasional players or sides with four or more vets/colts, or a club's 3rd or 4th XI with a 'give everyone a game policy'.

Notes: - Please read carefully.

Confirmations – prompt confirmation by **both** clubs of a fixture is **ESSENTIAL** – until this happens Bureau staff will continue to give out details to new enquirers. Club officials who consistently fail to confirm fixtures may find that their club is suspended from Bureau service.

Mobile phones – users are requested to give alternative contact numbers when registering, in case of poor / no mobile phone reception.

Contacts – for common sense reasons it is essential that only one official from the club handles a particular fixture. If there has to be a change of personnel, simply email the Bureau on fixtures@club-cricket.co.uk to advise us. The record can then be amended for that week only.

Cancellations – there are sometimes occasions when a club has to cancel a fixture, or withdraw a side that has been registered. As with confirmations, it is very important that this be done as quickly as possible. Further, if after registering with the Bureau a fixture is made privately, clubs must inform us immediately so that their name can be withdrawn.

Text / Email – as telephone lines become very busy during the season, clubs are encouraged to use text or email to register fixture requests in the week in question. A subsequent follow up telephone call to check receipt and registration can then be dealt with more quickly. The Bureau is not able to respond by text or email to acknowledge receipt or to impart details of matching clubs.

Charges – charges are levied for fixtures confirmed. If having confirmed a fixture a club is forced to cancel the game or withdraw for any reason, it will be charged twice and the other club's charge will be cancelled. Cancellation of a fixture due to weather or any other reason is not a valid reason for non-payment.

Complaints – please send any complaints in writing to the CCC Office Manager.

Charges and Accounts

All Member Clubs who affiliate to the Club Cricket Conference are required to pay an Annual Subscription fee plus Yearbook charge.

For each fixture arranged by the Bureau, a fee of £13.00 plus VAT is levied – a total of £15.60..

At the end of each season a statement of account is sent to each club for payment. This includes details of dates on which fixtures have been arranged, and/or the membership invoice for the following season..

Clubs who have not paid for their season's subscription and any outstanding Bureau charges are automatically ineligible for the Fixture Bureau service

The Season's Opening Dates & Relevant Matters Regarding Fixtures & League Starting and Closing Dates – An Explanation

Many years ago the CCC devised a system which would allow the use of grounds which were used on a twelve month basis to readily accommodate both summer and winter sports and avoid a conflict of interest. About every six years fixtures need to move forward to reflect that there are 365 days in most years and 366 in a leap year, and these numbers are not divisible by 7. Without some regular changeover system we would eventually be playing club cricket in January and winter sports in July.

In our 1997 Yearbook there was an excellent and informative article written by one of our Life Vice Presidents, Graham Turner, and we repeat the salient points he raised in that article:-

"In the mid sixties the Government of the day moved the then August Bank Holiday from the beginning of the month to the end. The particular significance of that to the Conference was, curiously, that the season's starting date was calculated as fourteen Saturdays prior to August Bank Holiday. A strange formula indeed, but that was how it was. To put things in proper order, the Conference proposed to adopt the last Saturday in April as the new starting date and it was this item which came before Council when I first joined their number, just thirty years ago. The problem was, that the 'new boy' had spotted that if April 30th was the date, the season would end on October 1st, by which moment grounds would be lost to a winter sport. In having the impertinence to open my mouth at my first Council, I found myself trying to put all the wise men right. Half of them didn't understand what it all meant anyhow, and the other half thought I must be talking nonsense! Ten years later we adopted the Rule which applies today; the starting date is April 29th or the Saturday immediately preceding it."

We must emphasise the dates given are a guide only and we are aware that many clubs play pre season games prior to the season's start date. Indeed our Emergency Fixture Bureau opens this year on Tuesday 14th April for games that coming weekend - 18th and 19th April.

Some clubs, largely playing on local authority grounds, will find this guide useful as most of these grounds are not available prior to our shown opening dates.

The guide is issued to all member clubs and to all League Secretaries in membership.

Opening Season Dates

We use a formula that the start date is either April 29th or the Saturday immediately preceding it.

The formula was devised to minimise the clash with winter sports.

We must emphasise the dates are given as a guide only.

Our various member Leagues start their fixtures usually in Week 2 or Week 3. This means that most Saturday fixtures are already made for clubs, but there are still two or three weekends early season and post league season when clubs have to make their own fixtures if they so wish.

As can be seen the Opening Season Dates move forward each year until when April 29th is a Saturday. Thus the next 'jump' year is 2023.

Week	2019	2020	2021	2022	2023
1	April 27	April 25	April 24	April 23	April 29
2	May 4	May 2	May 1	April 30	May 6
3	May 11	May 9	May 8	May 7	May 13

CCC Associate Membership

For just £20 per annum (individuals) and £24.00 inc. VAT (clubs, leagues and associations). Benefits of membership include a copy of the CCC Yearbook, regular electronic newsletters and access to all the advisory services offered by the Conference. See www.club-cricket.co.uk for more information.

Associations

African Caribbean Cricket Association

ODI's

It wasn't the Captain's fault. He was surrounded by morons. Every time one of the senior players tried to stop a quick single they threw past the stumps and buzzers ensued. But his Best Friend told him not to sack them as they would be even more beholden to him if they stayed. Instead they should fire the heads of the ground and admin support staff. A good example was Gavin Williamson, the Colt's manager, who picked his teams based on a system which favoured which schools the boys had attended rather than how they performed in matches. Once this strategy was revealed he was forced to change his selection policy even though his teams had already been picked. As a result, the chief scorer was fired, not Williamson.

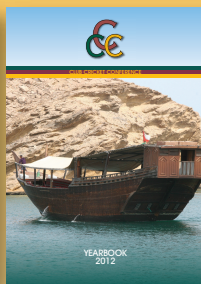

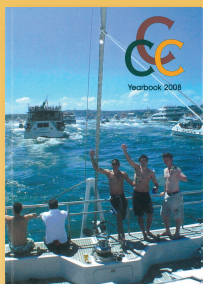

The R number is the number of runs scored per ball bowled. So, if the average is 1 run per ball bowled then the R rate is 1. The captain had based his whole policy on the R number. He had explained to everyone that, based on the advice of the senior bowlers, once the R number was reduced to .7 or below then the fielding restrictions could be relaxed. However, the Club Treasurer, Rishi Sunak, explained to him that he had spent so much of the club's money in trying to keep the captain popular that the fielding restrictions needed to be relaxed even though the R number was only about .9.

Many of the fielders, who had been spooked by the earlier proclamations and strictures, were extremely reluctant to spread out and stayed in little huddles in the inner ring. The Captain implored them to use the train to travel to away matches and buy their lunch and tea from retail outlets but they just stayed in the inner ring complaining that circumstances were no different from when he told them that they had to stay in close.

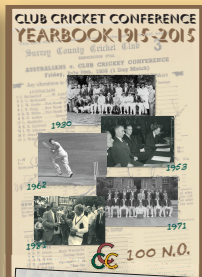

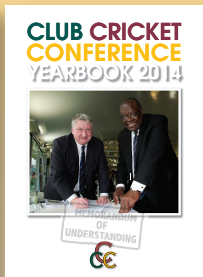

Rishi Sunak had become the most popular man in the club when he was disbursing club funds to all and sundry as if bowling for a declaration. But his position started to look in jeopardy when it became obvious to all that when the season was over there would have to be a significant rise in annual subs and match fees to fund it.

Confusion reigned everywhere. Were the slips supposed to be 6 feet or 3 feet apart and did it make a difference whether they were wearing a box or not? The bar was open after the match but how did you go about getting a drink? Matches weren't allowed in Leicester or Manchester but the R number was worse in parts of London. You could go to watch club cricket but not county or test matches. You were required to wear pads in the nets but not in colts matches. And so on.

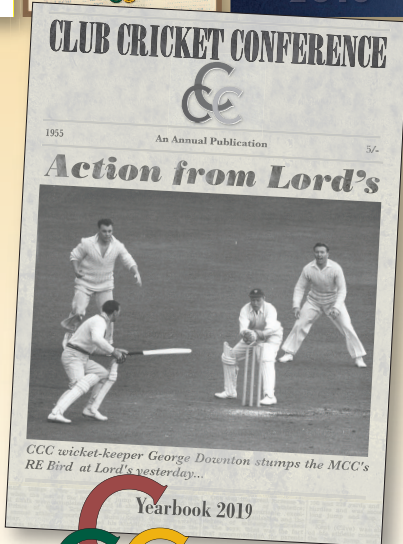

The press pointed out that when the captain had been elected at the AGM last year he had stood on the pavilion steps and proclaimed that the "Buck stops here". He replied that everyone must understand that he accepts absolutely no responsibility whatsoever for the consequences of his actions. He went on to sing several verses of "Land of Hope & Glory" claiming that it made him feel good and that there should be an end to the self-recrimination and wetness brought on by the "All wickets count" brigade.

**If you had become an Associate Member in 2008
- all these front covers would be yours
for just £20 per annum**

You will receive a copy of the Yearbook, £5 off your ticket for the annual CCC Lunch at Lord's (already excellent value for money) and regular updates and Newsletters - and you will have the satisfaction of knowing you are helping to help club cricket.

**Interested? Contact Donna at the CCC office:

 2004-06 C. Walker-Robson (Teddington)
 2007-08 K Carr (Old Tiffinians)
 2008-15 S. Wright (Hayes, Kent)

Players Awarded Conference Caps - From 1948

Prior to 1948 Caps were awarded to any player representing the Conference in a full representative match for the first time. Thereafter, Caps were awarded (& numbered) at the discretion of the CCC Executive Council, although since the mid 1970's they have mainly been awarded to players undertaking a major overseas tour. With the CCC tour programme now mainly short tours to ICC Associate countries, Caps are now awarded to those who have played 25 or more Representative & Tour matches. During 2019, Saba Nasim (no. 261) became the first woman to be awarded a CCC Cap.

1947

K. Ablack (B.B.C.)
W.M.F. Bebbington (Wanstead)
P.I. Bedford (Finchley)
D.M. Brown (Wanstead)
R.E. Evans (Ilford)
W. Flood (Hayes)
J.M. Lelper (Woodford Wells)
J. Meill (Mitcham)
K. Smart (Sevenoaks Vine)
C.F. Smith (Mitcham)
R.G. Warren (Guildford)
P.G. Wreford (Brondesbury)

Club Cricket Centurions

The following are known or strongly believed to have scored in excess of 100 centuries in club cricket. Joe Misso is alleged to have scored over 300 and whilst this seems scarcely believable everybody I spoke to who knew Joe agreed it was entirely possible. The highest confirmed total is Len Newman's 250 centuries and a photo can be found on the wall at Enfield CC of him leaving the field after scoring his final one.

Conn Davies Len Newman's opening partner at Alexandra Palace CC also took the small matter of 6,000+ wickets and is one of only 14 people in the history of cricket to have scored a century and taken all 10 wickets in the same match!

There will certainly be more but these are the only ones I have been able to track down in the CCC area.

200+	1. Joe Misso	(Brentham)	310 (unconfirmed)
	2. Len Newman	(Alexandra Park)	250 (Confirmed)
	3. T.G. Grinter	(Frinton on Sea)	210 (Confirmed)
	4. A.C.L. Bennett	(BBC)	200+ (Confirmed)
	5. *John Stuck	(Clacton CC)	200+
100+	6. G.H.A. Arlington	(Lewes Priory & Hastings & St. Leonards Priory)	
	7. Tony Baker	(Old Tauntonians CC & Southampton Touring CC)	
	8. K. Beaumont	(Sandwich Town CC)	
	9. Ron Best	(Honor Oak)	
	10. L.G. Bishop	(Crofton Park)	
	11. *Mike Boothroyd	(Marlborough 1870 and Chipstead)	
	12. *Malcolm Bristow	(The Mote)	
	13. Tony Brown	(Beddington)	
	14. S. Coleman	(Wanderers and Crystal Palace)	
	15. *Bob Cooke	(Heywood and Stockport)	
	16. Arthur Crisp	(Teddington and Teddington Town)	
	17. Con Davies	(Alexandra Park)	114 (Confirmed)
	18. *A.R. Day	(Hornsey)	
	19. S.R. Deadman	(The Crickets)	
	20. J.W. Denning	(Ealing)	
	21. R. Dixon	(Gore Court)	
	22. *Duncan Elder	(North Middlesex Winchmore Hill & North Mymms)	
	23. S.F. Etheridge	(Barnet)	
	24. *Charlie Forward	(Old Tauntonians & Romsey CC)	
	25. *Micky Gear	(Tunbridge Wells)	
	26. Edward Mills Grace	brother of W.G.	116 (Confirmed)
	27. Ron Harland	(Orpington and Malden Wanderers)	
	28. *John Harris	(Deanery CC)	
	29. G.L. Hebden	(Pallingswick & Ealing)	
	30. *Jim Howgego	(Folkestone)	
	31. Jack Hyams	(Cockfosters)	176 (Confirmed)
	32. Peter Johnson	(Mitcham)	
	33. *Gwyn Jones	(Zimbabwe and various clubs)	
	34. *Geoff Knight	(Reading and Maidenhead & Bray)	
	35. A.S. Ling	(Wanderers)	
	36. Henry Malcolm	(South Hampstead)	
	37. *Andy Meads	(Three Bridges)	150+ (Confirmed)
	38. *Mike Milton	(Finchley)	102 (Confirmed)
	39. *Gordon Morgan	(Teddington Wraysbury)	
	40. *Steve Plumb	(Bishops Stortford and Saffron Walden)	
	41. *Malcolm Roberts	(Metropolitan Police)	
	42. *Trevor Rosier	(Forest Hill)	
	43. R.W. Shand	(Old Colfeians)	
	44. P.H. Slater	(Dulwich)	
	45. Nigel Snell	(Wanstead)	
	46. *R. Swann	(Bedfordshire CCC)	
	47. J. Thompson	(Catford Wanderers)	
	48. C.H. Titchmarsh	(Harpenden)	– scored 21 of his hundreds in one season!
	49. *David Ward	(Banstead)	
	50. *Tony Warrington	(Bury St. Edmonds)	
	51. *Mark Williams	(Brondesbury)	
	52. *Keith Wooding	(Holmesdale and Gravesend)	160+ (Confirmed)

*denotes a playing and/or still living
